**A3.47.4 Termination Liability and Shortfall (Cont'd)**

- B.** Termination charges are not applicable if, during the term period:
  1. the customer converts to another Company access and local usage plan with a term equal to or greater than the time remaining on the AT&T Business Local Calling term plan. For 20+ line agreements the customer must also establish a new line commitment at least as great as in their initial subscription in order to qualify; or
  2. the customer converts to an upgraded technology with the Company (e.g., network access lines to PBX Trunks, Centrex, ISDN) and commits to a term equal to or greater than the time remaining on the AT&T Business Local Calling term plan. It is at the Company's sole determination whether a product change satisfies the requirements for waiver of the termination liability under this clause; or
  3. the customer chooses to terminate their agreement and to negotiate a new AT&T Business Local Calling agreement with a term period greater than the time remaining on the existing AT&T Business Local Calling agreement. The new service agreement will be based on the term plan rates in effect at the time of establishing the new agreement. For 20+ line agreements the customer must also establish a new line commitment at least as great as in their initial subscription in order to qualify.
- C.** For customers who initially subscribe to 20+ lines: in any month during the term of an AT&T Business Local Calling agreement if the customer's total number of subscribed lines falls below 80% of the number of lines subscribed to on the agreement, then a shortfall adjustment charge will be applicable and will appear on the customer's bill for each of those months. This shortfall adjustment charge is equal to \$10.00 times the number of lines below the 80% requirement.
