## A11. PRIVATE BRANCH EXCHANGE SERVICE

### A11.1 General

#### A11.1.1 General Terms and Conditions (T)

- A. Private Branch Exchange service, commonly known as PBX service, provides an arrangement of switching equipment and stations for intercommunicating among the stations and for connections through the local and long distance telephone network to other subscribers.
- B. Hotel, Motel, Nursing Home, and Hospital service is furnished for the joint use of management and guest or patients. Manual systems are provided on a message rate basis only. Dial systems may be provided on a message rate basis or with certain types of dial systems, a combination arrangement is available providing for administrative use on a flat rate basis and guest or patients use on a message rate basis. This latter arrangement does not permit access to flat rate trunks from stations in guests' rooms. However, hospitals may have flat rate service in patients' rooms as well as flat rate service for their administrative use. Nursing Home and Hospital service utilizing dial systems equipped with Direct Inward Dialing will be furnished for the joint use of administration and patients on either a regular business flat or message rate basis, or a combination of flat and message rate basis (flat rate for administration use and message rate for patient use).
- C. Time Share (Interval Ownership) Condominiums may be furnished business message rate or measured PBX service for the joint use of management and occupants of living units. Management may subscribe to separate business flat rate service for its administrative use. Occupants of living units may individually subscribe to separate residence flat rate service.

### A11.2 Trunk Lines

#### A11.2.1 General Terms and Conditions (T)

- A. Trunk line rates apply to all central office lines terminated in Private Branch Exchange (PBX) switching equipment, Automatic Call Distributors, a common group of switched lines (pooled) connected to HORIZON<sup>®</sup> Systems or such similar equipment and to other such services as specifically covered in this *Guidebook*. (T)
- B. Non-recurring charges are applicable as specified in Section A4. (T)

#### A11.2.2 Business (Commercial)

- A. Flat Rate
  - 1. Trunks<sup>1</sup>

**Note 1:** Refer to Section A3. for Flat Rate Trunk charges .

## A13. MISCELLANEOUS SERVICE ARRANGEMENTS

### A13.1 Extension Services

#### A13.1.1 General

- A. The basic rates for extension stations, are for such stations which are located within the same building as the main station. Where extension stations are provided at other locations extension channel charges are applicable as set forth following, in addition to the basic rates. Extension Service provides for speech communications within the specifications and limits as stated in A13.1.2 following.

Extension service must be located on the same premises of the subscriber on which the main station is located and is restricted to the use of the subscriber, his representatives and associates, or the members of the subscriber's immediate family or domestic establishment; except that in the case of individual line subscriber's service, extension service may be located on other premises under the following conditions, provided facilities are available and technical equipment limitations in each specific case permit, and provided that residence extension service is not located on business premises:

1. Where two or more "premises" of the same subscriber are used in the conduct of one establishment or business; or
  2. Where the extension service is located on the premises of a Joint User, or
  3. Where the extension service is located on other than the subscriber's premises for the purpose of answering calls at such time as the subscriber is not available at the main station, provided that separate exchange service is also provided on these other premises.<sup>1</sup>
- B. Where supporting structure or underground conduit is necessary for the purpose of furnishing extension lines on the subscriber's premises, such supporting structure or underground conduit is furnished by the subscriber as provided for "Construction on Private Property" in Section A5.
- C. When it is known or realized that the life of all or a part of the outside circuit extensions will be shorter than the normal life of the plant or the cost of providing the plant is such as to render inadequate the charges quoted herein, the plant required to furnish such service will be provided on the basis of one of the following plans at the option of the subscriber.
1. An installation charge and a reasonable and proper monthly carrying charge in lieu of the charges quoted herein (A13.1.3). Under this plan, where a portion of the facilities must be replaced at a later date due to having served its useful life, installation charges apply to the replacing facilities as if such facilities were installed new and appropriate adjustments are to be made in the monthly carrying charges.
  2. A reasonable and proper monthly carrying charge in lieu of the charges quoted herein with an initial service period of ten (10) years.

**Note 1:** Not applicable to service arrangements for secretarial lines as provided in Section A8.

(T)

---

## A13. MISCELLANEOUS SERVICE ARRANGEMENTS

### A13.1 Extension Services (Cont'd)

#### A13.1.1 General (Cont'd)

- D. Regular charges apply for Continuous Property Channels as outlined in F. following, except when the practical manner of providing such channels involves the placement of new, dedicated, end to end facilities, which are not routed via the central office. (T)
- Existing Company provided intrasystem wiring, inside a building or between buildings located on the same contiguous property, will continue to be available as required after June 30, 1984. The Company will continue to offer additional services on these facilities as long as such wiring or cable facilities are available, at standard rates and charges. Where existing facilities have been placed prior to July 1, 1984, under provisions which fully recovered the costs of such facilities as a nonrecurring charge, standard recurring and nonrecurring charge for the first one-tenth mile increment will continue to be applicable for every channel service utilized by the customer. (T)
- E. (DELETED)

## A13. MISCELLANEOUS SERVICE ARRANGEMENTS

### A13.1 Extension Services (Cont'd)

#### A13.1.1 General (Cont'd)

- F. Continuous property channels are applicable where existing facilities are available between different buildings on same continuous property and between different premises within the same building.
  - 1. Such channels will also be applicable to multi-building complexes such as federal, county or municipal centers, airports, shopping centers, colleges and universities, hospitals, nursing homes, resort developments, industrial and business complexes whether or not intersected by a public thoroughfare provided the following conditions are met:
    - a. The adjacent property segments created by the intersection of a public thoroughfare would be continuous in the absence of the thoroughfare.
    - b. The channels must be provided on a direct basis (not routed via the Central Office) and are available only at the economic option of the Company.
    - c. The cost of any supporting structure required for such channels will be borne by the customer unless the facilities carried by the supporting structure are predominantly used to provide exchange telephone service to members of the general telephone user body.
  
- G. Dedicated circuits between the customer's interLATA Electronic Tandem Switching (ETS), Digital Electronic Tandem Switching (DETS) or Tandem Switching Features (TSF) functions and the customer's other location(s) within the same LATA will be provided from the intrastate Private Line *Guidebook*. Where this service is provided by the Company as a feature of ESSX service, Digital ESSX service, MultiServ service, MultiServ PLUS service, or BellSouth Centrex service, the transport of traffic between the ETS function and the basic ESSX service, Digital ESSX service, MultiServ service, MultiServ PLUS service, or BellSouth Centrex service function may be performed by the Company's network switching facilities. SFG charges for this service will apply. (T)

#### A13.1.2 Types and Descriptions

- A. These channels are furnished for operation on a two-point basis for service seven (7) days per week, twenty-four hours per day, for a minimum period of one (1) month. These channels may also be furnished on a link (partial channel) basis when connected to FlexServ service and/or MegaLink channel service. The transmission characteristics and various types of services furnished within this category of service areas follows:
  - 1. Basic Parameters and Specifications for Extension Service used with terminal equipment are described for the end-to-end operation as follows:
    - a. Net Loss
 

Local Channels used with terminal equipment: Limit as specified in the following Local Channel descriptions. Losses or gains present in terminal equipment have not been included.
    - b. DC Resistance
 

Local Channels used with terminal equipment limit as specified in the following Local Channel descriptions. Does not imply or guarantee end-to-end DC continuity.
    - c. Frequency Response (Referenced to the 1000 Hz loss)
 

300 - 3000Hz	-3db to + 12 db
500 - 2500 Hz	-2db to + 8 db

---

### A13.1 Extension Services (Cont'd)

#### A13.1.5 Signaling Arrangements (Cont'd)

A. (Cont'd)

These arrangements are now located in Section B3. of the Private Line *Guidebook*. (E&M Ringdown Manual and Ringdown Automatic) (T)

3. Obsolete (See Section A113.)

### A13.2 (DELETED)

### A13. MISCELLANEOUS SERVICE ARRANGEMENTS

#### A13.4 Special Billing Services (Cont'd)

##### A13.4.7 Diskette Analyzer Bill (DAB) Service

- A. General
  - 1. Diskette Analyzer Bill (DAB) service is a service, which provides the customer with a monthly telephone bill and analysis capability.
- B. Rates and Charges
  - 1. Basic Service

	Nonrecurring Charge	Monthly Rate	USOC FDA
(a) Per customer bill	\$140.00	\$35.00	

#### A13.5 Arrangement for Night, Sunday and Holiday Service

- A. A subscriber to Business Lines in Rotary or non Direct-Inward-Dialing (DID) PBX Trunk Service who desires to receive incoming calls outside of business hours, without the service of an attendant at the switchboard, may arrange for such service as follows.
  - 1. Central Office Equipment
 

Per central office line requiring an additional non-consecutive directory number. The regular number assigned to the line is used for day service and the additional (special) non-consecutive listed number for night service. The special number is not in rotary and calls dialed at night to the special number are completed only over the central office line to which it is assigned. No connection is made with any other central office line in case the called number is busy or does not answer.

	Nonrecurring Charge	Monthly Rate	USOC FDA
(a) Each <sup>1,2,3</sup>	17.55	1.00	TTA
  - 2. Directory Listings
 

(a) Each <sup>4</sup>	-	-	NA
-----------------------	---	---	----

#### A13.6 Reserved for Future Use

- Note 1:** Only one central office line in each Hunt Group can be associated with any one (1) night service number.
- Note 2:** This rate is in addition to any charges for equipment that may be required on the customer's premises to activate the service or any control channel that may be required between the central office and the customer's premises.
- Note 3:** Service Charges as outlined in Section A4. apply as appropriate. (T)
- Note 4:** Rates for directory listings are as specified in Section A6. (T)

---

## A13. MISCELLANEOUS SERVICE ARRANGEMENTS

### A13.9 Custom Calling Services (Cont'd)

#### A13.9.2 Terms, Conditions and Limitations

- A.** All Custom Calling Services
1. The services are available subject to network capability and facility availability.
  2. Except where provided otherwise in this *Guidebook*, Custom Calling Services are furnished only in connection with individual line residence and business service. The features are not available in connection with Prestige communications service, Centrex-type service or Coin Telephone Service. (T)
  3. Custom Calling Services can be suspended as specified in A2.3.16. During the period of suspension, no recurring charge applies. (T)
  4. Custom Calling Services as itemized in A13.9.3.B. following are offered for use with PBX Trunk Service or Outward WATS Service subject to the following limitations.
    - a. May be provided when compatible with the equipment configuration at the customer's premises.
    - b. Available only in certain types of central offices.
    - c. Not available with Direct Inward Dial type trunks.
    - d. Available only with two types of hunting arrangements, multiline and series completion, and subject to the limitations of these hunting arrangements.
- B.** Call Forwarding – all varieties  
Call Forwarding shall not be used to extend calls on a planned and continuing basis to intentionally avoid the payment in whole or in part, of message toll charges that would regularly be applicable between the station originating the call and the station to which the call is transferred.
- C.** Call Forwarding Busy Line  
The customer selected forward-to telephone number is preprogrammed at the time service is established and can only be changed via service order.
- D.** Call Forwarding Don't Answer  
The customer selected forward-to telephone number and specified interval are preprogrammed at the time service is established and can only be changed via service order. No service charge is applicable if the customer requests a ring count change within 30 days from the establishment of this feature on the subscriber's line.
- E.** Call Forwarding Don't Answer with Ring Control (CFDA-RC)  
The forwarded-to telephone number is specified at the time service is established and can only be changed via service order. Such change is subject to normal service order charges. After establishment of service, the interval can only be changed by the customer and cannot be changed via service order. A change made by the customer is not subject to service charges.
- F.** (DELETED)
- G.** Customer Control Call Forwarding Busy Line  
The destination telephone number is specified by the customer at the time this feature is ordered and can only be changed via service order.
- H.** Customer Control Call Forwarding Don't Answer  
The destination telephone number and forwarding interval are specified by the customer at the time this feature is ordered and can only be changed via service order.

---

## A13. MISCELLANEOUS SERVICE ARRANGEMENTS

### A13.9 Custom Calling Services (Cont'd)

#### A13.9.2 Terms, Conditions and Limitations (Cont'd)

##### I. Call Forwarding Multipath

Where facilities permit for a single (non-rotary) exchange line/trunk or a rotary (hunting) arrangement of ten or less lines/trunks, up to ten calling paths will be provided at no charge. For a hunting arrangement greater than ten lines/trunks, additional paths (in excess of the ten provided at no charge) can be purchased. The total number of calling paths cannot exceed the number of lines/trunks in the forwarding hunting arrangement. In all cases, the number of call forwarding paths is dependent upon the terminating capability of the forward-to directory number. For the Call Forwarding Don't Answer feature each call will be forwarded at the completion of each ring cycle. A Secondary Service Charge will apply to requests to increase or decrease the number of calling paths.

##### J. Call Waiting ID

1. Except where specifically provided otherwise in this *Guidebook*, Call Waiting ID is furnished only to single line residence customers. (T)
2. Subscribers to Call Waiting ID must have Touch-Tone service.
3. The customer must have a Calling Identification Delivery feature, such as Caller ID-Basic or Caller ID for the calling identification data of the waiting call to be provided following the Call Waiting ID alerting tone.
4. The customer must subscribe to a Call Forwarding Don't Answer feature in order to forward a waiting call to another location.
5. All terms and conditions, including rates, for the other features associated with the line are as described in the feature-specific sections of this *Guidebook*. Such features must be ordered separately from Call Waiting ID. (T)

##### K. Three-Way Calling with Transfer

This feature shall not be used to extend calls on a planned and continuing basis to intentionally avoid the payment in whole or in part of message charges, toll or otherwise, that would regularly be applicable between the stations bridged together by the subscriber.

##### L. Star 98 Access

1. Star 98 Access is only available to subscribers on lines which are equipped with a version of Call Forwarding Don't Answer.
2. Star 98 Access is provisioned on a per line basis and functions only from a line provisioned with this feature and the appropriate auxiliary calling features.
3. Star 98 Access is not available on ISDN service, Prestige communications service, Foreign Central Office (FCO) service, Foreign Exchange (FX) lines or Centrex-type services.
4. Star 98 Access may not be compatible with all auxiliary calling features.

**A13. MISCELLANEOUS SERVICE ARRANGEMENTS**

**A13.9 Custom Calling Services (Cont'd)**

**A13.9.4 Per Use Three-Way Calling Service**

**A. General**

1. Per Use Three-Way Calling Service is available to all residence and business customers where facilities permit. This service permits use of the three-way calling feature on an as-needed basis, with the subscriber paying the rate shown in A13.9.4.B for each occasion it is successfully used. Three-way calling permits the subscriber activating the feature to hold an in-progress call and originate a second call while maintaining privacy from the first call, or to add another party for a three-way conference arrangement.
2. Switch-specific technology determines how a subscriber "activates" the feature. In certain switch technology, the feature is activated by "flashing" the serving switch from the subscriber's terminating equipment. ("Flashing" is accomplished via a receiver button, switchhook, hook flash key, flash key, etc.) This technology provides the subscriber with spontaneous control of the feature. Other switch technology requires that the feature be dial-activated by the subscriber prior to establishing the first leg of a three-way call, using a Company-provided code.
3. The per use charge is applied only when a second call is completed and bridged to the first call. Completed calls include, but are not limited to, those calls terminated to telephones, voice messaging systems, answering machines, facsimile machines, modems, etc.
4. The per use charge is in addition to any switched network usage charge appropriate for the line with which the Per Use Three-Way Calling feature is associated. Such usage may include, but is not limited to, toll charges, local measured service charges, exception calling plan rates, etc. Terms and conditions of these charges are as covered in *guidebook* sections specific to that particular call type, and are not impacted by the application of the per use charge. (T)
5. Access to the per use capability can be restricted at the customer's request at no charge.

**B. Rates**

1. Per Use Three-Way Calling

	<b>Residence</b>	<b>Business</b>	<b>USOC</b>
(a) Per use, (requires completion and bridging of second call)	<b>\$3.00</b>	<b>\$3.00</b>	<b>NA</b>

---

## A13. MISCELLANEOUS SERVICE ARRANGEMENTS

### A13.10 Network Facilities for use with Public Announcement Services (Obsoleted, See Section A113.)

### A13.11 Remote Call Forwarding

#### A13.11.1 Description of the Service

- A. Remote Call Forwarding (RCF) is a service whereby a call placed from a station (the originating station) to a customer's (the RCF customer) telephone number (the call forwarding location) is automatically forwarded by Company central office equipment to another station designated by the RCF customer (the terminating station).

#### A13.11.2 Limitations

- A. Remote Call Forwarding service is offered subject to availability of suitable facilities.
- B. RCF service is not offered where the terminating number is a coin telephone.
- C. The Company does not guarantee identification of the originating telephone number to the Remote Call Forwarding customer.
- D. Transmission quality may vary depending on the distance and routing necessary to complete a call. Since RCF service "tandems" two calls into one call, normal transmission quality is not assured for calls forwarded via RCF. Nonetheless, the resulting transmission performance will generally meet the RCF customer's voice-grade needs.

Service arrangements which tandem more than two calls into one are more likely to result in unacceptable transmission quality; therefore, the Company will not knowingly forward calls via RCF to another telecommunications service arranged for permanent call forwarding. This policy can be administered only at the time RCF is ordered, and applies only in the forwarding direction. The services to which RCF calls are forwarded are provided independent of the RCF service and may not be within the Company's jurisdiction. Further, such services can be changed subsequent to the provision of an RCF service. Consequently, it is impractical to assure that such increased tandem forwarding never occurs. Where the Company is aware of such a service configuration, it reserves the right to modify such arrangements. Modifications may include, but are not limited to, changing the associated forwarded-to number or termination of the RCF service. The RCF customer will be responsible for normal charges for such changes.

- E. Remote Call Forwarding is not represented as suitable for satisfactory transmission of data.
- F. Remote Call Forwarding is provided on the condition that the customer subscribe to sufficient RCF features and facilities to adequately handle calls to the RCF customer without interfering with or impairing any services offered by the Company. If, in the opinion of the Company, additional Remote Call Forwarding features at the call forwarding location or facilities at the terminating station line are needed, the customer will, where appropriate, be required to subscribe to such additional RCF features and facilities. In the event the customer refuses to subscribe to such additional RCF features and facilities, said customer's RCF service shall be subject to termination.
- G. When the Call Forwarding number is to be located in a multioffice exchange, the Company will determine the serving central office.
- H. Remote Call Forwarding will be provided for local calling where the RCF telephone number and the terminating station are both located in the same exchange. Further, Remote Call Forwarding will be provided for local calling on an interexchange basis in those instances where the exchange serving the RCF telephone number and the exchange serving the terminating station have the identical local calling area, or are within an Extended Area Service arrangement as specified in Section A3. All other calls will be sent-paid (1+) only.

(T)

(T)

---

## **A13. MISCELLANEOUS SERVICE ARRANGEMENTS**

### **A13.11 Remote Call Forwarding (Cont'd)**

#### **A13.11.2 Limitations (Cont'd)**

- I.** Where a business directory listing is provided for the RCF number, calls will not be forwarded to a Company-provided telephone service for which residential rates apply.
- J.** Where calls are to be forwarded to telephone service other than that of the RCF subscriber, it shall be the responsibility of the RCF subscriber to obtain permission for such forwarding from the subscriber to the other service and to determine a mutually acceptable number of access paths. Where the other subscriber contests such forwarding or the number of access paths, the Company reserves the right to modify the RCF service to the extent necessary to eliminate the other subscriber's complaint. The RCF subscriber shall be responsible for the charges for any resulting rearrangement of the RCF service. (T)

---

## **A13. MISCELLANEOUS SERVICE ARRANGEMENTS**

### **A13.11 Remote Call Forwarding (Cont'd)**

#### **A13.11.7 Service Charges**

- A. Service Charges as shown in Section A4. apply as follows: (T)
1. For the initial or subsequent installation of RCF features, the Secondary Service Charge shall apply.
  2. For the subsequent addition of additional access facilities (RCA's) to an existing RCF service, the Secondary Service Charge shall apply.
  3. To change the number at the call forwarding location, to revise the number for the terminating location at the call forwarding location, or to change both numbers on the same order the Secondary Service Charge shall apply.

## A13. MISCELLANEOUS SERVICE ARRANGEMENTS

### A13.12 Selective Class of Call Screening

#### A13.12.1 Application

- A. Selective Class of Call Screening Service enables a customer to secure central office blocking of 1+, 101XXXX 1+, 900, and screening information to prevent operator assisted calls from being billed to the subscriber's line.
- B. All local calls and calls to Company numbers such as repair service, Directory Assistance Service and public emergency service numbers such as 911 will be permitted from the establishment.
- C. Selective Class of Call Screening is available only from central offices which have been arranged to provide these services. This service is provided subject to the availability of facilities.
- D. Selective Class of Call Screening is furnished in connection with local business and residence line service, PBX Trunk Service, MultiServ service, or ESSX service, Digital ESSX service, MultiServ PLUS service, and BellSouth Centrex service NAR.
- E. Selective Class of Call Screening can be suspended as specified in A2.3.16. During the period of suspension, no recurring charge applies. (T)

#### A13.12.2 Rates and Charges

The following rates and charges will apply in addition to a Secondary Service Charge from Section A4.

	Monthly Rate	USOC
(a) Per PBX trunk or ESSX service, Digital ESSX service, MultiServ PLUS service, or BellSouth Centrex service NAR	\$ 3.10	SRGBB
(b) Per ESSX service, Digital ESSX service, MultiServ PLUS service, or BellSouth Centrex service main station line equipped for screening (must be associated with NAR(s) equipped for screening)	-	SRGPL
(c) Per central office line equipped for screening including MultiServ service main station lines	1.10	SRG

### A13.13 Dormitory Communications Service

#### A13.13.1 General

- A. Dormitory Communications Service (DCS) is available to accredited public and private educational institutions for residential use by students, faculty members or employees who reside in dormitories or other residential quarters owned, leased or under control of the educational institution.
- B. DCS is furnished from central office equipment located on Company premises and associated facilities arranged to provide the equivalent of residence individual line rotary dial local exchange service. Except for the optional provision of Touch-Tone Calling Service as specified in A13.13.2.K. following, all DCS lines furnished to an educational institution must be of the same class of residence individual line service and a mix of different services is not permitted.
- C. The local calling area for DCS is the same as that specified in the Local Exchange Service *guidebook* of the Company for residence individual line service in the exchange in which the DCS central office equipment is located. DCS local calls, including calls between DCS lines served by the same DCS central office equipment, are subject to the same local exchange service usage charges as applicable to residence individual line service. (T)
- D. DCS is offered subject to the availability of facilities and where, in the judgement of the Company, that service may be provided by the use of service arrangements, equipment and facilities in quantities and types regularly furnished by the Company.

#### A13.13.2 Terms and Conditions

- A. DCS is furnished to an educational institution upon the condition that use of the service shall not be made subject to any charge by the educational institution in excess of the charges set forth in the *Guidebooks* of the Company. (T)

---

## A13. MISCELLANEOUS SERVICE ARRANGEMENTS

### A13.13 Dormitory Communications Service (Cont'd)

#### A13.13.2 Terms and Conditions (Cont'd)

- B. The educational institution is responsible for payment of all charges except those set forth in C. following which are billed by the Company directly to DCS lines. (T)
- C. The Company will bill and collect DCS sent paid or collect long distance messages, telegrams, cablegrams and radiograms. In addition, the Company will bill and collect local exchange service usage and Directory Assistance Service charges where the serving equipment is arranged to automatically identify and bill such charges direct to DCS lines.
- D. The *terms and conditions* set forth for deposits and payment or service in A2.4 shall be applicable to users of DCS lines. (T)
- E. The educational institution shall agree to render assistance to the Company in the prompt collection of charges billed to DCS lines.
- F. In the event of non-payment of any charges billed, the Company may suspend or terminate a DCS line until all charges due have been paid. Service which is so suspended or terminated is subject to the charges specified in Section A4. for restoral or re-establishment of service. (T)
- G. The Service Charges specified in Section A4. for residence service apply to the service connection, move and change of DCS. Time and Material Charges apply to all customer-requested installations, moves, changes, removals, rearrangements, and maintenance of premises wiring performed by the Company on the customer's premises, except as excluded or otherwise provided for in Section A4. (T)
- H. DCS lines may be temporarily suspended, at the educational institution's request, subject to the terms and conditions specified for the temporary suspension of individual line residence service in A2.3.16. (T)
- I. The rates and charges specified for DCS lines in A13.13.3 following do not include directory listings in the alphabetical section of the directory of the Company. With the consent of the educational institution, directory listings for DCS are furnished at the same rates and charges specified for residence additional directory listings in A6.6. (T)
- J. With the consent of the educational institution, DCS extension stations will be provided only within the same dormitory room or suite or other residential quarters as the associated DCS line and will be furnished at the same rates and charges as specified for residence extension service in Section A3. (T)
- K. Subject to the availability and type of DCS central office equipment provided and with the consent of the educational institution, DCS lines may be equipped for Touch-Tone Calling Service and/or Custom Calling Service at the same rates and charges as specified for such services on residence individual lines in Section A13. (T)
- L. Where the DCS central office equipment has ESSX-1 Service capabilities, and at the request of the educational institution, tie lines will be furnished at additional charges between the switching system of the educational institution and the DCS central office equipment subject to the conditions specified in M. following.
- M. Where tie lines are provided, the education institution's stations are not permitted access to exchange and toll connections via the DCS central office equipment. At the option of the educational institution, DCS lines may be permitted access to exchange and toll connections via the educational institution's switching system.
- N. DCS calls to Directory Assistance Service are subject to the terms and conditions specified for such service furnished to residence individual lines in A3.12. (T)
- O. The initial contract period for each DCS line is the same as the initial contract period specified for residence individual line service as specified in A2.3.8. (T)
- P. Presubscription of a Carrier of Preference is required as specified in Section E13 of the Intrastate Access Service Tariff and Section 13 of the Interstate Access Service Tariff.

---

## A13. MISCELLANEOUS SERVICE ARRANGEMENTS

### A13.13 Dormitory Communications Service (Cont'd)

#### A13.13.3 Rates and Charges

- A. DCS Lines, each
  - 1. Apply same rates and charges as specified in Section A3. for residence individual line service in the exchange in which the DCS central office is located. (T)
  - 2. End User charges as specified for Residential Service in the End User Access Service Section of the Intrastate and Interstate Access Service Tariffs apply as appropriate.
- B. Tie Lines and Tie Line Terminals
  - 1. Tie Lines
    - a. Apply same rates and charges as specified in Section A13. for Tie Lines between the educational institution's switching system and the DCS central office. (T)
  - 2. Tie Line Terminals, each
    - a. At the educational institution's switching system apply appropriate rates and charges depending on type of switching system utilized.
    - b. At the DCS central office apply same rates and charges as specified for ESSX-1 service Tie Line Terminal (USOC: ESJ).

### A13.14 Long Distance Trunk Service (Toll Terminals)

#### A13.14.1 General

- A. Long distance trunks are facilities which are arranged for access to toll switchboard positions or the direct distance dialing network.
- B. Long distance trunk service is furnished only from central offices which have been arranged to provide this service and is provided subject to the availability of the facilities. Further, access to the IDDD network as provided in A13.14.2.A.3. following is furnished only from central offices which provide IDDD with basic exchange service.
- C. Long distance trunk service is available to customers who have a requirement for placing a large amount of outgoing long distance toll messages.
- D. This service is not intended for the completion of incoming toll messages, local exchange messages or messages of any nature other than long distance.
- E. Long distance trunk service telephone numbers will not be listed in the telephone directory.
- F. The Three-Way Custom Calling Feature is available with this service as specified in A13.9.3.D.

---

## A13. MISCELLANEOUS SERVICE ARRANGEMENTS

### A13.15 8A Key Telephone System (911 Emergency Service) (Cont'd)

#### A13.15.2 Definitions (Cont'd)

- E. Emergency Ringback (Optional) - Attendant can ring the 911 calling party who goes on-hook after the call is answered by the attendant. This feature is limited to 911 calls trunked directly.

#### A13.15.3 Terms and Conditions

- A. The 8A Key Telephone System will be offered only for 911 applications that are under the control of one or more appropriate local governments or their duly constituted agent. If execution is by an agent, the Company must be provided with satisfactory evidence of appointment.
- B. Switchhook status feature is limited to 911 calls trunked directly to the Emergency Answering Bureau from the originating central office via metallic facilities.
- C. Called Party Hold and Emergency Ringback features are applicable only to 911 calls trunked directly to the Emergency Answering Bureau from the originating central office.
- D. The 8A System attendant positions utilize 18 or 30 button telephone sets with a maximum of eight positions per system.
- E. The Transfer, Transfer Release, and Hold Features are located in the pick up key field of the attendant positions, which reduces the maximum number of line terminations from 18 and 30 to 15 and 27 respectively.
- F. A maximum of eight two-way lines can be provided per 8A System with no more than four of these being dial central office lines.
- G. The necessary power wiring, outlets, and commercial power are furnished by the customer who assumes all responsibility for the safe condition of such wiring outlets and power.
- H. Message Registers, Recorder Connectors, and other items of equipment or service will be provided at existing rates as covered elsewhere in this *Guidebook*.

(T)

(T)

**A13. MISCELLANEOUS SERVICE ARRANGEMENTS**

**A13.15 8A Key Telephone System (911 Emergency Service) (Cont'd)**

**A13.15.4 Rates and Charges**

- A. The 8A Key Telephone System will be furnished under either Plan 1, Alternate Plan 1, or Plan 2. In accordance with *terms and conditions* as stated in A22. (T)
- B. Plan 1
  - 1. Common Equipment

		TIER A Monthly Rate				TIER B		
		One- Time Payment	36 Mo.	60 Mo.	84 Mo.	120 Mo.	Mo. Rate	USOC
(a)	Initial Unit, provides one wall mounted cabinet and equipment to serve up to five 911 lines, four two-way lines and two attendant positions, each	\$2,790.00	\$86.75	\$56.10	\$42.95	\$33.35	\$26.60	98A
(b)	Auxiliary Unit, provides one wall mounted cabinet and equipment to serve up to five 911 lines, four two-way lines <sup>1</sup> and two attendant positions, max. of three additional units, each	1,850.00	57.55	37.20	28.50	22.10	21.60	98C
2. Power Supply								
(a)	Initial Unit, one required with initial common equipment unit,	106.50	3.30	2.15	1.65	1.30	2.35	98D
(b)	Additional Unit, one each required for second and third units of common equipment, max. of two per system, each	93.00	2.90	1.85	1.45	1.15	2.30	98G

**Note 1:** Maximum of eight per System.

---

## A13. MISCELLANEOUS SERVICE ARRANGEMENTS

### A13.19 TouchStar Service (Cont'd)

#### A13.19.2 Definitions of Feature Offerings (Cont'd)

**N. Enhanced Caller ID (Busy Line and Idle Line Name and Number Delivery) (Cont'd)**

When the Enhanced Caller ID customer's line is in use, the Directory Name and Directory Number of the line that originated the incoming call and the date and time of the call will be displayed on the called CPE following the waiting call alerting tone. The called party has the following options for disposition of the incoming call:

- Answer the waiting call while placing the original call on hold,
- Alternate between the waiting call and the original call, and
- Ignore the waiting call.

If the incoming call originates from a customer provided pay telephone, the name information transmitted will always be "Pay Phone."

If the incoming call is from a caller who subscribes to RingMaster service, the name and number transmitted will always be the main directory listing information rather than the RingMaster service listed name and number.

If the incoming call originates from a multi-line hunt group, the name and number transmitted will always be the main listed directory name and number of the hunt group, unless, facilities permitting, the lines are Telephone Number (TN) identified within the group.

If the incoming call is from a caller served by a PBX, generally only the main listed name and number of the PBX will be transmitted and available for display. However, in certain circumstances where facilities permit, the information associated with the actual station originating the call may be transmitted and available for display.

Any customer subscribing to Enhanced Caller ID will be responsible for the provision of a display device which will be located on the customer's premises. The installation, repair, and technical capability of that equipment to function in conjunction with the feature specified herein will be the responsibility of the customer. The Company assumes no liability and will be held harmless for any incompatibility of this equipment to perform satisfactorily with the network features described herein.

Enhanced Caller ID also includes Anonymous Call Rejection (ACR) where facilities are available. This feature allows customers to automatically reject incoming calls when the call originates from a telephone number which has invoked a blocking feature that prevents the delivery of their number to the called party. For Enhanced Caller ID subscribers, ACR can be activated and deactivated at the customer's discretion through the use of preassigned feature access codes. When ACR is activated and an incoming call marked private is received, the called party's telephone will not ring. The call will be routed to an announcement and subsequently terminated. The announcement informs the calling party that the person he or she is trying to reach will not accept the call as long as the calling number is not delivered. Incoming calls are checked for acceptance or rejection by ACR regardless of the current state of the called party's line (e.g., off hook or idle).

**O. Enhanced Caller ID (With Call Management)**

This feature is only available to business customers where facilities permit. This feature allows a customer to control the treatment applied to incoming calls while the customer is off-hook on a call. Enhanced Caller ID with Call Management includes the functionality of the Call Waiting feature and the Caller ID feature and provides several additional call disposition options.

The customer must subscribe to the Call Forwarding Don't Answer feature in order to forward a waiting call to another location. All terms and conditions, including rates, for this feature are as described in A13.9. This feature must be ordered separate from Enhanced Caller ID with Call Management. (T)

Call disposition options provided with Enhanced Caller ID with Call Management include:

- Answer the waiting call, placing the first party on hold
- Answer the waiting call, dropping the first party
- Direct the waiting caller to hold via a recording
- Forward the waiting call to another location (e.g., a voice mailbox or Telephone Answering Service)
- Conference the waiting call with the existing, stable call and, if desired, subsequently drop either leg of the "conferenced" call.

Utilization of the full capabilities of Enhanced Caller ID with Call Management requires the use of an Analog Display Services Interface (ADSI) - compatible telephone at the customer's premises. The installation, repair and the technical capability of the ADSI-compatible CPE to function in conjunction with the features specified herein is the responsibility of the customer. The Company assumes no liability, and will be held harmless, for any incompatibility between this equipment and the network features described herein.

---

## A13. MISCELLANEOUS SERVICE ARRANGEMENTS

### A13.19 TouchStar Service (Cont'd)

#### A13.19.3 Terms, Conditions and Limitations of Service

(T)

A. The following limitations apply:

1. TouchStar service is provided subject to the availability of facilities. Additionally, the features described will only operate on calls originating and terminating within TouchStar service equipped offices. Also, feature screening lists can only contain telephone numbers of subscribers served out of TouchStar service capable offices.
2. Per use Call Return, per use Repeat Dialing, denial of per use Call Return and denial of per use Repeat Dialing are available to the following types of service where facilities permit: single line residence, single line business, multi-line residence, multi-line business and PBX trunks.
3. TouchStar service features are available to single- and multi-line residence and business customers unless otherwise specified following. TouchStar services are compatible with either rotary dial or Touch-Tone service, except that BusyConnect will not work with rotary dial in most offices. Caller ID Basic and Caller ID are available to single and multi-line residence and business customers. Enhanced Caller ID and Enhanced Caller ID with Call Management are available only to business customers with non-hunting lines or on the last line of a series completion arrangement. Enhanced Caller ID and Enhanced Caller ID with Call Management are not available for ESSX service, Digital ESSX service, MultiServ service, MultiServ PLUS service, or Centrex service customers. Caller ID Basic, Caller ID, Enhanced Caller ID and Enhanced Caller ID with Call Management are not available for Private Branch Exchange (PBX) customers. Call Tracking (BCLID) is not available for single line arrangements, but it is available for PBX and multi-line business customers. Caller ID - Basic, Caller ID, Enhanced Caller ID, Enhanced Caller ID with Call Management and Call Tracking (BCLID) cannot be provisioned for: Basic 911, FCO, FX , or customers requesting Dual Service arrangements.
4. TouchStar service basic features cannot be provisioned with party-line service, Toll Terminals, Trunks, or some Remote Switching Locations.
5. Appropriate Service Charges apply except during Company designated periods of special promotion. Applicable Service Charges will be waived for the following situations: Upgrades from Caller ID Basic to Caller ID, Enhanced Caller ID or Enhanced Caller ID with Call Management; upgrades from Caller ID to Enhanced Caller ID or Enhanced Caller ID with Call Management and upgrades from Enhanced Caller ID to Enhanced Caller ID with Call Management. The Service Charge waiver will apply to situations in which the upgrade is the only service order activity.
6. (DELETED)
7. (DELETED)
8. Refer to A13.33 for discounts applicable to the subscription rate of selected multiple features.
9. The Company will deliver all numbers/names, subject to technical limitations, including telephone numbers/names associated with Non-Published Listing Service as described in Section A6. Some call information may be blocked or otherwise not displayed, including information for some calls originating outside of AT&T's network and calls carried over facilities that do not transmit Caller ID information.
10. Calling number Delivery Blocking - Permanent is available at no charge to the following customer groups:
  - a. Law enforcement and crisis intervention agencies as follows:

The agency should establish that its business is law enforcement or one which the divulgence of identities over the telephone could cause serious personal or physical harm to its employees or clients, such as a domestic violence intervention agency and;

The agency should establish that the forwarding of numbers/names through Caller ID - Basic, Caller ID, or Call Tracking would seriously impair or prevent it from performing its business and;

The agency should establish that no reasonable offering by the Company, other than blocking, will protect its desired anonymity.

The head of the agency must submit written certification on official letterhead to local Company management citing the need for blocking when the aforementioned conditions are met. The Company's limits of liability are described in A2.5.1.
  - b. Subscribers of non-published (private) listing and non-listed (semi-private) listing services as described in Section A6.

**A13. MISCELLANEOUS SERVICE ARRANGEMENTS**

**A13.19 TouchStar Service (Cont'd)**

**A13.19.3 Terms, Conditions and Limitations of Service (Cont'd)**

(T)

- A. The following limitations apply: (Cont'd)
  - 11. Telephone numbers/names transmitted via Caller ID - Basic, Caller ID, Enhanced Caller ID, Enhanced Caller ID with Call Management or Call Tracking are intended solely for the use of these subscribers. Resale of this information is prohibited.
  - 12. Calling party information via Caller ID - Basic, Caller ID, Enhanced Caller ID, Enhanced Caller ID with Call Management and Call Tracking are not available on operator handled calls.
  - 13. The Company's liability arising out of the provision of any Touchstar service feature, including but not limited to the delivery or non-delivery of calling numbers/names, is limited as set forth in A2.5.1.
  - 14. TouchStar service features are not available on trunks except as specifically noted in 2.
  - 15. TouchStar service can be suspended as specified in A2.3.16. During the period of suspension, no recurring charge applies.
  - 16. Per use Call Return, Repeat Dialing, denial of per use Call Return and denial of per use Repeat Dialing are available to the following types of service where facilities permit: single line residence, single line business, multi-line residence, multi-line business and PBX trunks.

**Note 1:** Only included in discount plan for customers with a minimum of four other Multi-Feature Discount Plan eligible services.

---

## A13. MISCELLANEOUS SERVICE ARRANGEMENTS

### A13.34 RingMaster Service

#### A13.34.1 General

- A. RingMaster service will enable a subscriber to have up to three telephone numbers associated with a single line. Customers subscribing to this service will be able to receive calls dialed to two or three separate telephone numbers without having a second or third line. A distinctive ringing pattern will be provided for each of the additional telephone numbers to facilitate identification of incoming calls. A distinctive Call Waiting tone for each additional telephone number will be provided, where facilities permit, to customers subscribing to Call Waiting service.
- B. RingMaster service is offered in the following format. RingMaster I consists of one additional telephone number associated with a single line. RingMaster II consists of two additional telephone numbers associated with a single line.

#### A13.34.2 Terms and Conditions

- A. This service is available to individual line residence and business customers.
- B. The service is not compatible with ESSX service, PBX trunk service, obsolete Prestige Communications service, Personal Paging service, customer provided public telephone service, lines equipped with multi-line hunting arrangements or foreign exchange service. RingMaster service may not be compatible with all types of customer provided telephone equipment, customer premises switching or key equipment.
- C. RingMaster service is provided subject to the availability of facilities. Additionally, RingMaster II service may not be available in all central offices equipped to provide RingMaster I service.
- D. RingMaster service subscribers will be entitled to one white page listing with each RingMaster service number. Listings for RingMaster service are subject to *terms and conditions* specified in Section A6. for directory listings. Other listings will also be provided under the terms and conditions described in Section A6. (T)
- E. All telephone numbers associated with a line equipped with RingMaster service must originate from the same central office switching machine.
- F. When establishing RingMaster service, Call Forwarding service subscribers must choose one of the following options. When Call Forwarding service is activated:
  - 1. All telephone numbers associated with one line will be forwarded to a single number when Call Forwarding service is activated.
  - 2. The main telephone number only will be forwarded when Call Forwarding service is activated. The additional RingMaster service numbers will continue to ring and may be answered at the subscriber's premises.
- G. Appropriate nonrecurring charges will apply when changing from one option to the other subsequent to the establishment of RingMaster service.
- H. This *Guidebook* sets forth the rates for RingMaster service as described in A13.34.3. (T)

**A13. MISCELLANEOUS SERVICE ARRANGEMENTS**

**A13.34 RingMaster Service (Cont'd)**

**A13.34.2 Terms and Conditions (Cont'd)**

- I. Notification of existing customers will be as follows: (a) rate increases - thirty day advance notification, (b) rate decreases - notification coincident with price adjustment.
- J. Refer to A13.33 for discounts applicable to the subscription rate of selected multiple features.
- K. RingMaster service can be suspended as specified in A2.3. During the period of suspension, no recurring charge applies.

**A13.34.3 Rates**

		<b>Monthly Rate</b>	<b>USOC</b>
<b>A.</b>	Residence		
1.	RingMaster I		
	(a) One additional number with distinctive ringing, per line	<b>\$8.50</b>	<b>DRS</b>
2.	RingMaster II

(T)

**A13. MISCELLANEOUS SERVICE ARRANGEMENTS**

**A13.46 Simplified Message Desk Interface (SMDI) (Cont'd)**

**A13.46.1 General (Cont'd)**

- B. SMDI has the capability to activate and deactivate Message Waiting Indication - Audible and Visual (see A13.47) on an end user's line on an intra-office basis.

**A13.46.2 Terms and Conditions**

- A. SMDI is furnished only from central offices which have been arranged to provide this feature. The feature is provided subject to the availability of facilities.
- B. When calls are forwarded multiple times within the serving central office, the following options are available to determine which called number is delivered to the subscriber's voice messaging equipment.

Originally Called Directory Number (OCDN) - With OCDN, the first number that forwards within the central office serving the subscriber's voice messaging equipment is sent by the SMDI feature regardless of the number of forwarding attempts taking place before the call reaches the subscriber's voice messaging equipment.

Redirecting Directory Number (RDN) - RDN is the number of the last telephone line within the central office serving the subscriber's voice messaging equipment to forward the call to the subscriber's voice messaging equipment. The number originally dialed by the calling party is not delivered via the SMDI data link if the call is forwarded more than once or hunts through a series of lines before reaching the subscriber's voice messaging equipment.

The options available to the customer in each switch type are as follows:

SWITCH TYPE	TYPE CALLED NUMBER DELIVERED
1AESS	RDN only
DMS-100	RDN or OCDN
5ESS	RDN or OCDN
EWSD	RDN or OCDN

**A13.46.3 Rates and Charges**

- A. Applicable Service Charges as specified in Section A4. will be incurred in addition to the rates and charges following.
- B. Features
  - 1. Simplified Message Desk Interface (SMDI)

	Monthly Rate	USOC
(a) Per Link - Analog (1200 bps) <sup>1</sup>	<b>\$ 150.00</b>	AVA

**Note 1:** Rate includes I/O Port, wiring, modem and Network Interface in the central office. Appropriate Private Line Charges also apply.

**Note 2:** Rate includes I/O Port, wiring, modem and Network Interface in the central office. Appropriate SynchroNet service Charges also apply.

(T)

(T)

## A13. MISCELLANEOUS SERVICE ARRANGEMENTS

### A13.47 Message Waiting Indication (MWI)

#### A13.47.1 General

- A. Message Waiting Indication - Audible (MWI) is a feature that enables end users to receive Message Waiting Indication on their lines. SMDI (see A13.46) is used to activate or deactivate an audible alerting signal (stutter dial tone) on the end user's line notifying the end user that a message is waiting.
- B. Message Waiting Indication - Audible/Visual (MWI-A/V) is a feature that enables end users to receive audible and visual indication that a message is waiting. SMDI (see A13.46) is used to activate or deactivate an audible alerting signal (stutter dial tone) and to activate or deactivate a bulb, light, indicator etc., on CPE adjunct devices or light equipped telephone sets.

#### A13.47.2 Terms, Conditions and Limitations (T)

- A. MWI is furnished only from central offices which have been arranged to provide this feature. The feature is provided subject to the availability of facilities.
- B. Message Waiting Indication can be suspended as specified in A2.3.16. During the period of suspension, no recurring charge applies. (T)
- C. The visual capability of MWI-A/V is not guaranteed to work on all network serving facilities.
- D. MWI-A/V is available to single line residence and business customers.

#### A13.47.3 Rates and Charges

- A. Applicable Service Charges as specified in Section A4. will be incurred in addition to the rates and charges following. Service Charges do not apply when changing from MWI-Audible to MWI-Audible/Visual. (T)
- B. Features
  - 1. Message Waiting Indication (MWI)

	Monthly	
	Rate	USOC
(a) Residence, Per Line	\$.50	MWW
(b) Business, Per Line	.50	MWW
2. Message Waiting Indication-Audible/Visual (MWI-A/V)		
(a) Residence, Per Line	.50	MWWAV
(b) Business, Per Line	.50	MWWAV

### A13.48 Reserved for Future Use

### A13.49 Surrogate Client Number

#### A13.49.1 General

- A. The Surrogate Client Number (SCN) feature provides for a telephone number in the subscriber's serving wire center from which calls will be forwarded on an intraoffice basis to the subscriber's exchange service.
- B. This feature is furnished only from central offices which have been arranged to provide this service and is provided subject to the availability of facilities.

## A13. MISCELLANEOUS SERVICE ARRANGEMENTS

### A13.50 Telecommunications Service Priority (TSP) System

#### A13.50.1 Service Description

- A. The Telecommunications Service Priority (TSP) System is a structured coding scheme that prescribes the order in which National Security Emergency Preparedness (NSEP) telecommunications services are installed or restored. TSP System service is limited to qualifying state and local governments, the federal government, foreign governments and certain private industry telecommunications services. The TSP System was developed to support the requirements of the U. S. Government and applies only to NSEP telecommunications services to which the Company is able to apply priority treatment. It requires and authorizes priority action by the Company.
- B. Conditions of emergency or crises that cause invocation of NSEP treatment can only be declared by authorized officials of the Federal Government or other officials (Federal or non-Federal) specified by the Director, Office of Emergency Communications (OEC) on behalf of the Executive Office of the President of the United States.

#### A13.50.2 Service Limitations

- A. Priority installation and/or restoration of NSEP telecommunications services shall be provided in accordance with Part 64.401, Appendix A, of the Federal Communications Commission's Rules and Regulations.  
In addition, TSP System service shall be provided in accordance with the guidelines set forth in "Telecommunications Service Priority (TSP) System for National Security Emergency Preparedness (NSEP) Service User Manual" (NCS manual 3-1-1 dated July 9, 1990) and "Telecommunications Service Priority (TSP) System for National Security Emergency Preparedness (NSEP) Service Vendor Handbook" (NCS manual 3-1-2 dated July 9, 1990).
- B. The customer for the TSP System service must also be the same customer for the underlying Exchange Service with which it is associated.
- C. The Company will arrange for the installation and/or restoration of TSP System service upon receipt of the proper certification as specified in A. preceding.
- D. It is the responsibility of the TSP user to provide the TSP Authority Code to the Company with each service request.
- E. When performing Priority Installation or Priority Restoration (repair) on TSP-designated services in compliance with the *terms and conditions* cited in A. preceding, the Company may not be in a position to notify the customer regarding additional labor charges if additional labor is required. The customer recognizes that quoting charges and obtaining permission to proceed with the installation or restoration of service may cause unnecessary delays and grants the Company the right to quote charges after the installation or restoration has been completed. (T)
- F. Priority Installation or Repair
  1. When a customer for TSP System service requests that service be installed or repaired on an expedited or emergency basis in accordance with Part 64.401, Appendix A, of the Federal Communications Commission's Rules and Regulations, the customer will be required to bear the excess costs of providing service on an expedited basis.
  2. The calculated excess costs would be in addition to all other service and installation charges normally applicable.

#### A13.50.3 Terms and Conditions (T)

- A. Under certain conditions, it may be necessary to preempt one or more customer services with a lower (or no) restoration priority in order to install or restore NSEP telecommunications service(s). If preemption is necessary and if circumstances permit, the Company will make every reasonable effort to notify the preempted customer of the action to be taken. Credit allowance for service preemption will adhere to the provisions appearing in A2.5.
- B. No charge applies when a TSP designation is discontinued.

---

## A13. MISCELLANEOUS SERVICE ARRANGEMENTS

### A13.50 Telecommunications Service Priority (TSP) System (Cont'd)

#### A13.50.3 Terms and Conditions (Cont'd)

(T)

- C. With the exception of credit information, a customer obtaining TSP System service acknowledges and consents to the provision of certain customer service details by the Company to the Federal Government to allow for the proper maintenance and administration of the TSP System. That information includes but is not necessarily limited to:
- Confirmation of completed TSP service orders directly to the Director, Office of Emergency Communications (OEC);
  - Verification of installation and/or restoration priority level assignment(s) with the Director, OEC;
  - Reconciliation of TSP service information with the Director, OEC, or the customer (prime service vendor).

#### A13.50.4 Definitions

##### National Security Emergency Preparedness (NSEP) Services

NSEP services are telecommunications services that are used to maintain a state of readiness or to respond to and manage any events or crises (local, national or international) which causes or could cause injury or harm to the population, damage to or loss of property, or degrade or threaten the NSEP posture of the United States.

##### Office of Emergency Communications (OEC)

The OEC is responsible for the day-to-day operations of the TSP System. This includes maintaining a twenty-four hour point-of-contact to handle emergency provisioning requests, assigning priority levels and Authorization Codes and maintaining data on TSP assignments.

##### Prime Vendor

The service vendor from whom the service user or its authorized agent orders service.

##### Priority Installation (PI)

Provisioning, on a priority basis, of a new TSP service authorized as so urgent that it must be provided earlier than the Company's standard provisioning interval.

##### Priority Restoration (PR)

Restoration, on a priority basis, of an existing TSP service for which any interruption would have serious adverse impact on the supported NSEP function.

##### Subcontractor

The service vendor from whom the prime vendor obtains service for the completion of the prime vendor's end-to-end service.

##### Telecommunications Service Priority (TSP) System

TSP is a structured coding scheme that establishes the order in which NSEP services are to be installed or restored in the event of an emergency. The TSP System was developed to ensure priority treatment of the nation's most important telecommunications services.

##### TSP Authorization Code

A twelve character code that identifies an NSEP TSP service and denotes the order in which that service is to be provisioned (installed) and/or restored.

**A13. MISCELLANEOUS SERVICE ARRANGEMENTS**

**A13.53 Multiline Hunt Queuing**

**A13.53.1 Definitions**

- A. Queuing provides the capability to automatically queue calls to a Multiline Hunt Group when all lines in the hunt group are busy.

**A13.54 Reserved for Future Use**

- Note 1:** Requires compatible customer premises equipment.
- Note 2:** Rates and charges for a local channel as specified in Section B3. of the Private Line *Guidebook* also apply. (T)

**A13. MISCELLANEOUS SERVICE ARRANGEMENTS**

**A13.59 Reserved For Future Use**

**A13.60 Custom Service Area (CSA)**

**A13.60.1 Description of Service**

- A. Custom Service Area (CSA) service is an optional service which will allow the customer to define a specific geographical area within the LATA from which the customer can receive calls.
  - 1. Uniform Access Number (UAN) service as provided in A113.58 is required in conjunction with CSA.
  - 2. A CSA is established on a customer-specific basis.
  - 3. The CSA function is provided as a blocking capability. Blocking is performed on an end office basis only and requires blocking of every NXX in that end office.

**A13.60.2 Terms and Conditions**

(T)

- A. When establishing a CSA, a nonrecurring charge applies per end office blocked.
- B. Recurring charges are applied per end office blocked.

- A. Custom Service Area

- (1) Blocking Capability

	<b>Nonrecurring Charge</b>	<b>Monthly Rate</b>	<b>USOC ASF</b>
(a) Per End Office Blocked	<b>\$50.00</b>	<b>\$1.50</b>	

## A13. MISCELLANEOUS SERVICE ARRANGEMENTS

### A13.62 Call Detail Information

#### A13.62.1 Description of Service

- A. Call Detail Information is an arrangement to provide a monthly record, by Uniform Access Number (UAN) UAN per Revenue Accounting Office, of terminating traffic to the customer. Call Detail Information is provided only in conjunction with UAN in A113.58.
- B. Call Detail Information may be provided on any UAN subscribed for by the customer and will include toll call detail. The Call Detail Information will include the calling telephone number, the UAN, date, time of day and call duration.
- C. Call Detail Information will be provided on magnetic tape. The tape density and number of tracks will be that used by the program and data processing system in use by the Company's accounting center furnishing the tape. The format may be changed to serve the Company's purposes and customers will be responsible for making the tape compatible with their data processing equipment.
- D. A magnetic tape will be provided by the Company on each occasion Call Detail Information is furnished to the customer. The tape becomes the property of the customer on a "no exchange" basis and it may not be returned to the Company for reuse.
- E. Call Detail Information is available only to business customers.
- F. If a business customer subscribes to Call Detail Information, the customer must provide a local telephone number, other than the UAN, that clients may call. Thus, the call will be excluded from the Call Detail Information.
- G. If a business customer subscribes to Call Detail Information, the customer's promotional material must inform the calling public that their telephone number will be disseminated.
- H. Telephone numbers listed in the Call Detail Information are intended solely for the use of the UAN subscriber. Resale of this information is prohibited by this *Guidebook*, with the exception that the callers' telephone numbers may be provided to the subscriber's client for those calls sponsored or provided for that specific client. (T)

#### A13.62.2 Terms and Conditions (T)

- A. Call Detail Information may be offered where facilities permit and where the Company's message billing process has been arranged to provide this optional feature.
- B. Call Detail Information is not represented to be a provision of billing detail.

#### A13.62.3 Rates and Charges

**A13.69 Reserved for Future Use**

**A13. MISCELLANEOUS SERVICE ARRANGEMENTS**

**A13.70 Privacy Manager Service**

**A13.70.1 Definition of Feature Offering**

- A. Privacy Manager service will provide Caller ID subscribers with the ability to identify unavailable, unknown, blocked and private numbers. Privacy Manager service will intercept all unidentified calls before the subscribers telephone rings. If the call is marked private, the caller will be asked to press 1 to deliver his/her calling information. On unavailable or unknown numbers, the caller will be asked to state their name. Once the calling party is identified, the service will ring the subscriber and announce the calling party's information. The subscriber has the option to accept the call, reject the call, or send a "Do Not Solicit" message to a telemarketer.

**A13.70.2 Terms, Conditions and Limitations of Service**

- A. The following *terms, conditions* and limitations apply:
  1. Privacy Manager service is provided subject to the availability of facilities.
  2. Privacy Manager service is available to single and multi-line residence customers.
  3. Privacy Manager service is not compatible with Calling Number Delivery Blocking-Permanent, FX, FCO or ISDN. Privacy Manager service may not be compatible with RingMaster service in all switch types.
  4. Caller ID and Touch-Tone service are required in order to subscribe to Privacy Manager service.
  5. Privacy Manager service can be suspended as specified in A2.3. During the period of suspension, no recurring charge applies.

(T)  
(T)

**A13.70.3 Rates and Charges**

- A. The following rates are for Privacy Manager service only and are in addition to the applicable service charges and monthly rates for exchange access lines and other services with which this service is associated.
  1. Residence

	<b>Monthly Rate</b>	<b>USOC</b>
(a) Per line except Complete Choice plan lines	<b>\$9.00</b>	<b>PMX1R</b>

#### A13.72.1 General

- A. Inter-Switch Simplified Message Desk Interface (ISMDI) service provides subscribers with the capability of receiving call information over a data link interface for use with voice messaging system (VMS) equipment. Only call information routed over the Public Switched Telephone Network using the Common Channel Signaling/Signaling System 7 (CCS/SS7) network is available for ISMDI. The ISMDI data link must be associated with a voice level hunt group assigned to the VMS subscriber. Incoming call data available from the CCS/SS7 network includes the number called, the type of incoming call (direct or forwarding due to busy or no answer), the forwarding number, and the calling number. The telephone numbers are provided as ten digit Directory Numbers.
- B. ISMDI provides the capability for the VMS provider to transmits data messages over the data link to the ISMDI host switch for use in delivering message waiting notification to VMS client users. These data messages will enable the VMS subscriber to activate or deactivate message waiting indicators (MWI) on VMS client station lines served by ISMDI compatible central offices.
- C. The subscriber had the option of specifying an SS7 Point Code to which MWI messages are to be routed.

#### A13.72.2 Terms and Conditions

- A. ISMDI is furnished only from *Company* central offices which have been equipped and arranged as host locations to provide this service. (T)
- B. Compatible private facilities, such as Private Line Service or SynchroNet service, are required as a data link between the serving central office and the subscriber's equipment. Rates and charges for these facilities are as specified in the Private Line *Guidebook*. (T)
- C. In addition to the ISMDI data link, a voice level hunt group is required between the ISMDI host office and the voice messaging system at the subscriber's premises at the rates and charges specified in other sections of this *Guidebook*. The lead telephone number associated with this hunt group must be used for any voice messaging systems that utilize a data link sanity check or "heartbeat" capability. The lead telephone number should not be equipped with Message Waiting Indication (MWI) capability, and the activate MWI message should be programmed in the voice messaging system for the purpose of executing the sanity check capability.
- D. Network errors generated by voice messaging systems attempting to activate or deactivate MWI to telephone numbers that are invalid or no longer served by an ISMDI compatible central office or to station lines that are not equipped with the MWI capability, other than the lead telephone number used for the sanity check, may be cause for suspension of service until the problem is corrected. The ISMDI subscriber will be notified as soon as possible upon detection of excessive network errors and must take immediate corrective action to avoid suspension of service.
- E. A subscriber to this service is obligated for a minimum service period of 12 months.
- F. If the SS7 Point Code for MWI option is requested, the subscriber is required to provide a list of the NPA-NNXs to which MWI messages will be routed. The NPA-NNXs provided must belong to the carrier with which the subscriber has an arrangement. The destination carrier must have an SS7 interconnection with the *Company* network. The MWI messages are ANSI SS7 TCAP Inter-Switch Voice Mail (ISVM) messages. The nonrecurring charge in A13.72.3.B.3 will be applicable for establishing new service, for modification of existing service, and for verification of existing service. (T)

**A13. MISCELLANEOUS SERVICE ARRANGEMENTS**

**A13.72 Inter-Switch Simplified Message Desk Interface (Cont'd)**

**A13.72.3 Rates and Charges**

**A.** Applicable service charges as specified in Section A4. will be incurred in addition to the rates and charges following. Rates and charges for other features and services utilized by the subscriber will also apply. (T)

**B.** Features

1. Inter-Switch Simplified Message Desk Interface - Analog<sup>1</sup>

**A13. MISCELLANEOUS SERVICE ARRANGEMENTS**

**A13.77 Voice Mail Calling Features Package a.k.a. Voice Mail Companion Services Package**

**A13.77.1 Definition of Service**

- A. The Voice Mail Calling Features Package provides a group of basic network services (generally used in conjunction with voice mail services) at one monthly rate. All services available as part of this package are optionally available on an individual basis. The Voice Mail Calling Features Package consists of the following services (where available):

- Call Forwarding Don't Answer or Call Forwarding Don't Answer – Ring Control

- Call Forwarding Busy Line and/or Star 98 Access

The following optional features are also available as part of the package:

- Message Waiting Indication - Audible or Message Waiting Indication – Audible/Visual

**A13.77.2 Terms, Conditions and Limitations of Service**

- A. The following *terms, conditions* and limitations apply:
  - 1. All *terms, conditions* and restrictions which normally apply to the services when they are individually provided also apply when they are provided as part of this package. (T)
  - 2. All services are furnished only from central offices which have been arranged to provide these services. The services are provided subject to availability of facilities. (T)
  - 3. The Voice Mail Calling Features Package can be suspended as specified in Section A2. The monthly rate for this service does not apply for the suspension period. (T)
  - 4. The Voice Mail Calling Features Package is only available to individual line residence and business subscribers.
  - 5. Service Charges as provided in Section A4. apply for the Voice Mail Calling Features Package.

**A13.77.3 Rates and Charges**

- A. The Voice Mail Calling Features Package is offered at the following rate:

1. Per line equipped			
		<b>Monthly Rate</b>	<b>USOC</b>
(a) Residence		<b>\$2.00</b>	<b>S98PK</b>
(b) Business		<b>9.75</b>	<b>S98CP</b>

## A13. MISCELLANEOUS SERVICE ARRANGEMENTS

### A13.79 211 Dialing Service (Cont'd)

#### A13.79.1 General (Cont'd)

- D. This service is furnished subject to the availability of the 211 number.
- E. 211 can be delivered via regular exchange access lines (by individual business lines, PBX trunks, etc).
- F. Limitations and use of service as stated in Section A2. apply. (T)
- G. Directory Listings may be provided for 211 at rates *terms and conditions* as specified in Section A6. (T)
- H. Access to 211 is not available to the following classes of service:
  - Payphone Service Provider Telephones (PSPs)
  - Hotel/Motel/Hospital Service
  - 1+
  - 0+, 0- (Credit Card, Third-Party Billing, Collect Calls)
  - Inmate Service
  - 101XXXX
  - Cellular - Type 2AIn addition, operator assisted calls to the 211 subscriber will not be completed.
- I. (DELETED)
- J. (DELETED)
- K. 211 will not provide calling number information in real time to the 211 subscriber. If the 211 subscriber needs this type of information, the 211 subscriber must subscribe to a compatible Calling Number Identification service in A13. preceding.
- L. Calls to a disconnected 211 number will be routed to intercept of the announcement facilities for a maximum of 60 days, when the 211 provider is a Company subscriber. The announcement provided may refer the caller to another telephone number.

#### A13.79.2 Service Requirements and Conditions

- A. All 211 providers must be certified by the State Budget and Control Board as directed in Section 1-11-770 of the South Carolina Code of Law. The State Budget and Control Board will allocate 211 numbers.

---

## A13. MISCELLANEOUS SERVICE ARRANGEMENTS

### A13.79 211 Dialing Service (Cont'd)

#### A13.79.2 Service Requirements and Conditions (Cont'd)

- B. (DELETED)
- C. (DELETED)
- D. Only one 7 or 10-digit local number or one 10-digit local toll free number may be used as the lead number per basic local calling area. All central offices within a basic local calling area must be pointed to the same one 7 or 10-digit local number or one 10-digit local toll free number. Appropriate rates from Sections A3. and A4., will apply. (T)
- E. The 211 Dialing Service is provided where facilities permit.
- F. The 211 subscriber should work separately with cellular companies to ascertain whether Type 1 cellular customers will be able to reach community information and referral services provided by dialing 211.
- G. The 211 subscriber should work separately with competing local exchange providers to ascertain that its end user customers will be able to reach community information and referral services provided by dialing 211.
- H. 211 will be provided under the following conditions.
  1. For network sizing and protection, the 211 subscriber must provide an estimate of annual call volumes, the expected busy hour and holding time for each call to 211.
  2. The customer will subscribe to adequate telephone facilities initially and subsequently as may be required, in the judgment of the Company, to adequately handle calls to 211 without impairing the Company's general telephone service or telephone plant. It will be the intent of the Company to provide facilities designed to provide a call blocking probability of one call per hundred during busy hours for 211 Dialing Service.
  3. The 211 subscriber is responsible for obtaining all necessary permission, licenses, written consents, waivers and releases and all other rights from all persons whose work, statements or performance are used in connection with the service, and from all holders of copyrights, trademarks, and patents used in connection with said service.
  4. The 211 subscriber shall be liable for, and shall indemnify, protect, defend and save harmless the Company against all suits, actions, claims, demands and judgments, and of all costs, expenses and counsel fees incurred on account thereof, arising out of and resulting directly or indirectly from the service or in connection therewith, including, but not limited to, any loss, damage, expense or liability resulting from any infringement or claim of infringement, of any patent, trademark, copyright, or resulting from any claim of liable and slander. Unless otherwise specifically provided in this *Guidebook*, the Company shall be authorized to disconnect any service provided to the 211 subscriber utilized, directly or indirectly, with the 211 Dialing Service which fails to comply with *terms* and conditions set forth herein, upon five (5) days notice to the subscriber. Disconnection may be suspended at the discretion of the Company if it receives written certification that the 211 subscriber is in compliance with *terms* and conditions of the *guidebooks*. Continual noncompliance shall be cause for disconnection without notice at the discretion of the Company. (T)
  5. Suspension of 211 Dialing Service as covered in Section A2. is not applicable for this service. (T)

---

## A13. MISCELLANEOUS SERVICE ARRANGEMENTS

### A13.79 211 Dialing Service (Cont'd)

#### A13.79.2 Service Requirements and Conditions (Cont'd)

- H.** 211 will be provided under the following conditions. (Cont'd)
6. The 211 subscriber shall respond promptly to any and all complaints lodged with any *governing body* against any service provided via 211. If requested by the Company, the 211 subscriber shall assist the Company in responding to complaints made to the Company concerning the subscriber's 211 service. (T)
  7. A written notice will be sent to any 211 subscriber following oral notification when their service unreasonably interferes with or impairs other services rendered to the public by the Company or by other subscribers of 211. If after notification the subscriber makes no modification in method of operation or in the service arrangements that are deemed service-protective by the Company, or if the subscriber is unwilling to accept the modifications, or if the subscriber continues to cause service impairment, the Company reserves the right, at any time, without further notice, to institute protective measure, up to and including termination of service. In an emergency situation as defined by the Company, the Company reserves the right, at any time, without notice, to institute protective measures up to and including termination of service.
- I.** If a pre-recorded announcement is provided by the 211 subscriber, the following conditions apply.
1. The 211 subscriber will provide announcements. The Company will provide only the delivery of the call.
  2. 211 subscriber's sponsorship of any particular announcement of recorded program service shall not preclude another 211 subscriber from sponsoring the same or similar announcement or recorded program service.
  3. The provision of access to the 211 network by the Company for the transmission of announcement or recorded program services is subject to availability of such facilities and the requirements of the local exchange network.
  4. The 211 subscriber assumes all financial responsibility for all costs involved in providing announcement or recorded program services including, but not limited to, the recorder-announcement equipment producing the recording, advertising and promotional expenses.
  5. The 211 subscriber assumes, according to other specific rates and charges under *guidebook*, all financial responsibility for all facilities required to connect the recorder-announcement equipment located on the subscriber's premises. (T)
- J.** The Company may take all legal and practical steps to disassociate itself from 211 subscribers providing services whose business and/or public conduct (whether demonstrated or proposed) is of a type that in the Company's discretion generates unacceptable levels of complaints by end users.
- K.** In no event shall the Company be liable for any losses or damages of any kind resulting from the unavailability of its equipment or facilities or for any act, omission or failure of performance by the Company, or its employees, or agents, in connection with this *Guidebook*. The Company shall not be responsible for calls that cannot be completed as a result of repair or maintenance difficulties on Company facilities and equipment nor on equipment owned or leased by the subscriber. (T)

#### A13.79.3 Obligations of the Competitive Local Exchange Carrier (CLEC)

- A** In those instances where a CLEC provides 211 access to its end user within the local calling area, terms and conditions for 211 Dialing Service are as defined in the appropriate Interconnection Agreement.
1. For purposes of providing a CLEC end user access to the 211 provider within the local calling area, appropriate arrangements must be made by the CLEC with the 211 provider serving the local calling area.
  2. A CLEC may negotiate the provision of directory listings as defined in the Interconnection Agreement.

**A13. MISCELLANEOUS SERVICE ARRANGEMENTS**

**A13.79 211 Dialing Service (Cont'd)**

**A13.79.4 Rates and Charges**

- A. Application of Rates
  - 1. A Service Establishment charge shall apply per basic local calling area.
  - 2. 211 subscribers will pay the normal charges for the local exchange access arrangements (e.g., PBX trunks, Centrex Type Services lines, etc.) used for transporting and terminating messages at the 211 subscriber's designated premises. (T)
  - 3. Applicable service order charges as specified in Section A4. will apply, in addition to the following rates. (T)
  - 4. A Central Office Activation charge will apply per central office switch translated to the lead number.
  - 5. A charge will apply to changes to the point-to number at the subscriber's request, per 211 Dialing Service, per central office switch within the basic calling area.
- B. Charges applicable to the 211 Dialing Service Subscriber
  - 1. Service Establishment Charge

	<b>Nonrecurring Charge</b>	<b>USOC</b>
(a) Per Basic Local Calling Area	<b>\$389.90</b>	<b>211ES</b>
2. Central Office Activation		
(a) Per Central Office	<b>150.00</b>	<b>211CC</b>
3. Change of Point-to Number by Subscriber		
(a) Per Central Office	<b>13.50</b>	<b>211AP</b>

**A13.80 711 Dialing Code for Telephone Relay Service (TRS)**

**A13.80.1 General**

- A. 711 Dialing Code ("711") is a three digit local dialing arrangement for telephone voice transmission access to all relay service entities as a toll free call. Pursuant to Order 00-257, issued by the Federal Communications Commission (FCC) in CC Docket 92-105 assigned 711 dialing code for nationwide access to TRS entities, to be implemented not later than October 1, 2001
- B. 711 is available from *the Company* in *Company* Territory only. To provide access to a 711 to end users in an independent company territory or to a Competitive Local Exchange Carriers (CLECs) end users within the local calling area, the TRS entity must make appropriate arrangements with the independent company or CLEC serving that territory. The TRS entity should work separately with competing local providers to ascertain that its end user customers will be able to reach relay services provided by dialing 711. (T)
- C. This service is subject to the availability of the 711 dialing code.
- D. 711 can be delivered via regular exchange access lines (by individual business lines, PBX trunks, etc.).
- E. Limitations and use of service are as stated in Section A2. (T)
- F. Directory Listings may be provided for 711 at rates, *terms and conditions* as specified in Section A6. (T)
- G. Access to 711 is not available to the following classes of service:
  - Hotel/Motel/Hospital Service (toll call only)
  - 1+
  - 0+, 0- (Credit Card, Third-Party Billing, Collect Calls)
  - Inmate Service
  - 101XXXX
  - Cellular - Type 2A

In addition, operator assisted calls to the 711 will not be completed.

---

## A13. MISCELLANEOUS SERVICE ARRANGEMENTS

### A13.80 711 Dialing Code for Telephone Relay Service (TRS) (Cont'd)

#### A13.80.1 General (Cont'd)

- H. The TRS entity is restricted from selling or transferring the 711 dialing code to an unaffiliated entity, either directly or indirectly.
- I. An "affiliate" of a TRS entity is any entity that directly, or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with, the TRS entity. The term "control" (including the terms "controlling", "controlled by", and "under common control with") means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of an entity, whether through the ownership of voting securities, by contract, or otherwise.

#### A13.80.2 Service Requirements and Conditions

- A. Requests for 711 Dialing Code must be submitted in writing to the South Carolina Public Service Commission, for the assignment of the 711 code.
- B. Once the 711 Dialing Code has been assigned and the subscriber has provided the Company the appropriate toll free number, implementation of the 711 Dialing Code will begin on or after April 30, 2001. The Company will implement the TRS entity's request within a reasonable time, given the complexity of the order.  
If, during or at the end of the provisioning period, the TRS entity has failed to establish service or decides to discontinue service establishment, the 711 code will be recalled and the number will be considered available for reassignment as specified in A. preceding.
- C. The TRS entity must, prior to provisioning of the service, sign a written acknowledgement of possible recall of the 711 dialing code by the FCC and an agreement to return the code upon receipt of 6 months written notice of such a recall from the Company or *governing body* and abide by all terms and conditions which may be identified by the FCC in CC Docket 92-105 regarding the use and return of the 711 dialing code. If a recall is effected, the Company will work with the TRS entity affected by such recall to transfer their service arrangements, to a 7 or 10-digit dialing arrangement within the 6-month notice period. The TRS entity will be required to migrate to any access arrangement the telephone relay services subsequently agreed to by the industry and approved by the FCC. The TRS entity will be charged the appropriate rates for the establishment of the new access arrangement.
- D. Only one 10-digit toll free number may be used as the lead number per basic local calling area.
- E. The 711 Dialing Code is provided where facilities permit.
- F. TRS entity should work separately with cellular companies to ascertain their end user customers will be able to reach telephone relay services provided by dialing 711.
- G. TRS entity should work separately with competitive local exchange companies to ascertain their end user customers will be able to reach telephone relay services provided by dialing 711.

(T)

---

**A13. MISCELLANEOUS SERVICE ARRANGEMENTS****A13.80 711 Dialing Code for Telephone Relay Service (TRS) (Cont'd)****A13.80.2 Service Requirements and Conditions (Cont'd)**

- H.** 711 Dialing Code will be provided under the following conditions.
1. For network sizing and protection, the TRS entity must provide an estimate of annual call volumes, the expected busy hour and holding time for each call to the 711 dialing code.
  2. The TRS entity will subscribe to adequate telephone facilities initially and subsequently as may be required, in the judgment of the Company, to adequately handle calls to 711 without impairing the Company's general telephone service or telephone plant.
  3. The TRS entity is responsible for obtaining all necessary permission, licenses, written consents, waivers, releases and all other rights from all persons whose work, statements or performance are used in connection with the 711 dialing code, and from all holders of copyrights, trademarks, and patents used in connection with said service.
  4. The TRS entity is responsible for, and shall indemnify, protect, defend and save harmless the Company against all suits, actions, claims, demands and judgments, and of all costs, expenses and counsel fees incurred on account thereof, arising out of and resulting directly or indirectly from the service or in connection therewith, including, but not limited to, any loss, damage, expense or liability resulting from any infringement or claim of infringement, of any patent, trademark, copyright, or resulting from any claim of liable and slander. Unless otherwise specifically provided in this *Guidebook*, the Company shall be authorized to disconnect any *guidebook* service provided to the TRS entity utilized, directly or indirectly, with the 711 dialing code, which fails to comply with *terms* and conditions set forth herein, upon five (5) days of notice to the subscriber. Disconnection may be suspended at the discretion of the Company if it receives written certification that the TRS entity is in compliance with *terms* and conditions of the *guidebooks*. Continual noncompliance shall be cause for disconnection without notice at the discretion of the Company. (T)
  5. The TRS entity shall respond promptly to any and all complaints lodged with any regulatory authority against any service provided via 711. If requested by the Company, the TRS entity shall assist the Company in responding to complaints made to the Company concerning the 711 dialing code.
  6. A written notice will be sent to any TRS entity following oral notification when their service unreasonably interferes with or impairs other services rendered to the public by the Company. If after notification the TRS entity makes no modification in method of operation or in the service arrangements that are deemed service-protective by the Company, or if the TRS entity is unwilling to accept the modifications, or if the TRS entity continues to cause service impairment, the Company reserves the right, at any time, without further notice, to institute protective measure, up to and including termination of service. In an emergency situation as defined by the Company, the Company reserves the right, at any time, without notice, to institute protective measures up to and including termination of service.
- I.** If a pre-recorded announcement is provided by the TRS entity, the following conditions apply.
1. The TRS entity will provide announcements. The company will provide only the delivery of the call.
  2. The provision of access to the 711 network by the Company for the transmission of announcement is subject to availability of such facilities and the requirements of the local exchange network.
  3. The TRS entity assumes all financial responsibility for all costs involved in providing announcement including, but not limited to, the recorder-announcement equipment located on the TRS entity's premises.
  4. The TRS entity assumes, according to other specific rates and charges under *guidebook*, all financial responsibility for all facilities required, to connect the recorder-announcement equipment located on the TRS entity's premises. (T)

---

## A13. MISCELLANEOUS SERVICE ARRANGEMENTS

### A13.80 711 Dialing Code for Telephone Relay Service (TRS) (Cont'd)

#### A13.80.2 Service Requirements and Conditions (Cont'd)

- J. The Company may take all legal and practical steps to disassociate itself from TRS entity providing services whose business and/or public conduct (whether demonstrated or proposed) is of a type that in the Company's discretion generates unacceptable levels of complaints by end users.
- K. In no event shall the Company be liable for any losses or damages of any kind resulting from the unavailability of its equipment or facilities or for any act, omission or failure of performance by the Company, or its employees, or agents, in connection with this *Guidebook*. The Company shall not be responsible for calls that cannot be completed as a result of repair or maintenance difficulties on Company facilities and equipment nor on equipment owned or leased by the TRS entity. (T)

#### A13.80.3 Obligations of the Competitive Local Exchange Carrier (CLEC)

- A. In those instances where a CLEC provides the 711 to its end user within the local calling area, terms and conditions for 711 dialing code are as defined in the appropriate Interconnection Agreement.
  1. For purposes of providing a CLEC end user access to the TRS entity within the local calling area, appropriate arrangements must be made by the CLEC with the TRS entity serving the local calling area.
  2. A CLEC may negotiate the provision of directory listing as defined in the Interconnection Agreement.

### A13.81 511 Dialing Service

#### A13.81.1 General

- A. 511 Dialing Service ("511") is a three digit local dialing arrangement available in specified areas, with BellSouth Telecommunications, Inc. ("Company"), for delivery of general information via voice grade facilities. Pursuant to Order 00-256, issued by the Federal Communications Commission (FCC) in CC Docket 92-105, the 511 code is assigned for access to travel information services. In addition, the 511 subscriber must comply with any orders and rules pertaining to 511, adopted by the FCC in rulemaking proceeding CC Docket 92-105.
- B. 511 is available from *the Company* in *Company* Territory only. To provide access to 511 to end users in an independent company territory or to a Competitive Local Exchange Carriers (CLECs) end users within the local calling area, the 511 subscriber must make appropriate arrangements with the independent company or CLEC serving that territory. The 511 subscriber should work separately with competing local providers to ascertain that its end user customers will be able to travel information services provided by 511. (T)
- C. The Local Calling Area of the 511 Service subscriber will be the basic Local Calling Area defined in A3.5, as facilities permit. If local calling areas are merged, and a 511 number exists in both areas, the 511 subscriber who established 511 first in time will be entitled to retain the 511 number in the merged local calling area. (T)
- D. This service is subject to the availability of 511 numbers.
- E. 511 can be delivered via regular exchange access lines (by individual business lines, PBX trunks, etc.)
- F. Limitations and use of service as stated in Section A2. apply. (T)
- G. Directory Listings may be provided for 511 at rates, *terms and conditions* as specified in Section A6. (T)

---

## A13. MISCELLANEOUS SERVICE ARRANGEMENTS

### A13.81 511 Dialing Service (Cont'd)

#### A13.81.1 General (Cont'd)

- H.** Access to 511 is not available to the following classes of service:
- Payphone Service Provider Telephones (PSPs)
  - Hotel/Motel/Hospital Service
  - 1+
  - 0+, 0- (Credit Card, Third-Party Billing, Collect Calls)
  - Inmate Service
  - 101XXXX
  - Cellular - Type 2A

In addition, operator assisted calls to the 511 subscriber will not be completed.

- I.** The 511 subscriber is restricted from selling or transferring the 511 code to an unaffiliated entity, either directly or indirectly.
- J.** An "affiliate" of a 511 subscriber is any entity that directly, or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with, the 511 subscriber. The term "control" (including the terms "controlling", "controlled by:", and under common control with") means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of an entity, whether through the ownership of voting securities, by contract, or otherwise.

If a 511 subscriber becomes an affiliate of or is acquired by another 511 subscriber through merger, acquisition, or otherwise, then the affiliated subscribers must surrender all but one 511 number within 6 months of the merger or acquisition.

- K.** 511 will not provide calling number information in real time to the 511 subscriber. If the 511 subscriber needs this type of information, the 511 subscriber must subscribe to a compatible Calling Number Identification service in A13. preceding.
- L.** Calls to a disconnected 511 number will be routed to intercept of the announcement facilities for a maximum of 60 days, when the 511 provider is a Company subscriber. The announcement provided may refer the caller to another telephone number.

#### A13.81.2 Service Requirements and Conditions

- A.** All requests for 511 must be submitted in writing to the South Carolina Public Service Commission. The Commission will allocate the 511 code in the specified BLCAs based upon requirements and/or standards established by the FCC.
- B.** Within 30 days of the number assignment, the 511 subscriber must initiate the request for service. The Company will provision the subscriber's order within a reasonable time, given the complexity of the order. The 511 subscriber will be billed the nonrecurring charge when the service is provisioned by the Company.

If during this period, the 511 subscriber has failed to establish service or decides to discontinue service establishment, the 511 number will be recalled and the number will be considered available for reassignment as specified in A. preceding. If the network has been provisioned for the subscriber, the nonrecurring charge will not be refunded or waived.

- C.** The 511 subscriber, must prior to provisioning of the service, sign a written acknowledgement of possible recall of the 511 number and an agreement to return the code upon receipt of 6 months written notice of such a recall from the Company and abide by all terms and conditions contained in Order 00-256 issued, any subsequent rules which may be identified by the FCC in CC Docket 92-105 regarding the use and return of such 511 codes. If a recall is affected, the Company will work with all 511 subscribers affected by such recall to transfer their service arrangements, to a 7 or 10 digit dialing arrangement within the 6 month notice period. The 511 subscriber will be required to migrate to any standard access arrangement for information services subsequently agreed to by the industry and approved by the FCC. The 511 subscriber will be charged the appropriate rates for the establishment of the new access arrangement.

(T)

---

## A13. MISCELLANEOUS SERVICE ARRANGEMENTS

### A13.81 511 Dialing Service (Cont'd)

#### A13.81.2 Service Requirements and Conditions (Cont'd)

- D. Only one 7 or 10-digit local number or one 10-digit toll free number may be used as the lead number per basic local calling area. All central offices within a basic local calling area must be pointed to the same 7 or 10-digit local number or one 10-digit toll free number. Appropriate rates from Sections A3. and A4., will apply. (T)
- E. The 511 Dialing Service is provided where facilities permit.
- F. The 511 subscriber should work separately with cellular companies to ascertain whether Type 1 cellular customers will be able to reach travel information services provided by dialing 511.
- G. The 511 subscriber should work separately with competing local providers to ascertain that its end user customers will be able to reach travel information services provided by dialing 511.
- H. 511 will be provided under the following conditions.
  - 1. For network sizing and protection, the 511 subscriber must provide an estimate of annual call volumes, the expected busy hour and holding time for each call to 511.
  - 2. The customer will subscribe to adequate telephone facilities initially and subsequently as may be required, in the judgment of the Company, to adequately handle calls to 511 without impairing the Company's general telephone service or telephone plant. It will be the intent of the Company to provide facilities designed to provide a call blocking probability of one call per hundred during normal busy hours for 511 Dialing Service.
  - 3. The 511 subscriber is responsible for obtaining all necessary permission, licenses, written consents, waivers and releases and all other rights from all persons whose work, statements or performance are used in connection with the service, and from all holders of copyrights, trademarks, and patents used in connection with said service.
  - 4. The 511 subscriber shall be liable for, and shall indemnify, protect, defend and save harmless the Company against all suits, actions, claims, demands and judgments, and of all costs, expenses and counsel fees incurred on account thereof, arising out of and resulting directly or indirectly from the service or in connection therewith, including, but not limited to, any loss, damage, expense or liability resulting from any infringement or claim of infringement, of any patent, trademark, copyright, or resulting from any claim of liable and slander. Unless otherwise specifically provided in this **Guidebook**, the Company shall be authorized to disconnect any service provided to the 511 subscriber utilized, directly or indirectly with 511, which fails to comply with *terms* and conditions set forth herein, upon five (5) days notice to the subscriber. Disconnection may be suspended at the discretion of the Company if it receives written certification that the 511 subscriber is in compliance with *terms* and conditions of the **guidebooks**. Continual noncompliance shall be cause for disconnection without notice at the discretion of the Company. (T)
  - 5. Suspension of 511 as covered in Section A2. is not applicable for this service. (T)
  - 6. The 511 subscriber shall respond promptly to any and all complaints lodged with any regulatory authority against any service provided via the 511 number. If requested by the Company, the 511 subscriber shall assist the Company in responding to complaints made to the Company concerning the subscriber's 511 service.
  - 7. A written notice will be sent to any 511 subscriber following oral notification when their service unreasonably interferes with or impairs other services rendered to the public by the Company or by other subscribers of 511 Service. If after notification the subscriber makes no modification in method of operation or in the service arrangements that are deemed service-protective by the Company, or if the subscriber is unwilling to accept the modifications, or if the subscriber continues to cause service impairment, the Company reserves the right, at any time, without further notice, to institute protective measure, up to and including termination of service. In an emergency situation as defined by the Company, the Company reserves the right, at any time, without notice, to institute protective measures up to and including termination of service.
- I. If a pre-recorded announcement is provided by the 511 subscriber, the following conditions apply.
  - 1. The 511 subscriber will provide announcements. The Company will provide only the delivery of the call.
  - 2. 511 subscriber's sponsorship of any particular announcement of recorded program service shall not preclude another 511 subscriber from sponsoring the same or similar announcement or recorded program service.
  - 3. The provision of access to the 511 network by the Company for the transmission of announcement or recorded program services is subject to availability of such facilities and the requirements of the local exchange network.
  - 4. The 511 subscriber assumes all financial responsibility for all costs involved in providing announcement or recorded program services including, but not limited to, the recorder-announcement equipment producing the recording, advertising and promotional expenses.
  - 5. The 511 subscriber assumes, according to other specific rates and charges under **guidebook**, all financial responsibility for all facilities required to connect the recorder-announcement equipment located on the subscriber's premises. (T)

**A13. MISCELLANEOUS SERVICE ARRANGEMENTS**

**A13.81 511 Dialing Service (Cont'd)**

**A13.81.2 Service Requirements and Conditions (Cont'd)**

- J. The Company may take all legal and practical steps to disassociate itself from 511 subscribers providing services whose business and/or public conduct (whether demonstrated or proposed) is of a type that in the Company's discretion generates unacceptable levels of complaints by end users.
- K. In no event shall the Company be liable for any losses or damages of any kind resulting from the unavailability of its equipment or facilities or for any act, omission or failure of performance by the Company, or its employees, or agents, in connection with this *Guidebook*. The Company shall not be responsible for calls that cannot be completed as a result of repair or maintenance difficulties on Company facilities and equipment nor on equipment owned or leased by the subscriber. (T)

**A13.81.3 Obligations of the Competitive Local Exchange Carrier (CLEC)**

- A In those instances where a CLEC provides the 511 to its end user within the local calling area, terms and conditions for 511 are as defined in the appropriate Interconnection Agreement.
  - 1. For purposes of providing a CLEC end user access to the 511 provider within the local calling area, appropriate arrangements must be made by the CLEC with the 511 provider serving the local calling area.
  - 2. A CLEC may negotiate the provision of directory listings as defined in the Interconnection Agreement.

**A13.81.4 Rates and Charges**

- A. Application of Rates
  - 1. A Service Establishment charge shall apply per basic local calling area.
  - 2. 511 subscribers will pay the normal charges for the local exchange access arrangements (e.g., PBX trunks, Centrex Type Services lines, etc.) used for transporting and terminating messages at the 511 subscriber's designated premises. (T)
  - 3. Applicable service order charges as specified in Section A4. will apply, in addition to the following rates. (T)
  - 4. A Central Office Activation charge will apply per central office switch translated to the lead number.
  - 5. A charge will apply to changes to the point-to number at the subscriber's request, per 511 Dialing Service, per central office switch within the basic calling area.
- B. Charges applicable to the 511 Dialing Service Subscriber
  - 1. Service Establishment Charge

	<b>Nonrecurring Charge</b>	<b>USOC</b>
(a) Per Basic Local Calling Area	<b>\$389.90</b>	<b>511ES</b>
2. Central Office Activation		
(a) Per Central Office	<b>150.00</b>	<b>511CC</b>
3. Change of Point-to Number by Subscriber		
(a) Per Central Office	<b>13.50</b>	<b>511AP</b>

## A13. MISCELLANEOUS SERVICE ARRANGEMENTS

### A13.82 311 for Non-Emergency Municipal Use

#### A13.82.1 General

- A. 311 for Non-Emergency Municipal Use (“311”) is a three digit local dialing arrangement available in specified areas from BellSouth Telecommunications, Inc. (“Company”), for delivery of general information via voice grade facilities. The Federal Communications Commission (FCC) in CC Docket 92-105, assigned the 311 code for access to non-emergency police and other government agencies. The 311 subscriber must comply with any orders and rules pertaining to 311, adopted by the FCC in rulemaking proceeding CC Docket 92-105. Eligible customers that have already received 311 pursuant to the FCC requirements will be considered to be the assignee.
- B. 311 is available from *the Company* in *Company* Territory only. To provide access to 311 to end users in an independent company territory or to a Competitive Local Exchange Carriers (CLECs) end users per central office switch, the 311 subscriber must make appropriate arrangements with the independent company or CLEC serving that territory. The 311 subscriber should work separately with competing local providers to ascertain that its end user customers will be able to reach non-emergency police and other governmental agencies by dialing 311. (T)
- C. 311 will be assigned to the subscriber on a central office-by-central office basis, as facilities permit. If central offices are merged, and a 311 “point-to” number exists in both central offices, the 311 subscriber who established 311 first in time will be entitled to retain the 311 “point-to” number in the merged central office.
- D. 311 for Non-Emergency Municipal Use is subject to the availability of 311 as an abbreviated dialing code and will be deployed by *the Company* on a “first come, first served” basis. (T)
- E. 311 for Non-Emergency Municipal Use can be accessed via regular exchange access lines (by individual business lines, PBX trunks, etc.) unless such lines invoke N11 dialing restrictions or other customized dialing restrictions.
- F. Limitations and use of service as stated in Section A2. apply. (T)
- G. Directory Listings may be provided for 311 for Non-Emergency Municipal Use at rates, *terms and conditions* as specified in Section A6. (T)
- H. Access to 311 is not available to the following classes of service:
- Payphone Service Provider Telephones (PSPs)
  - Hotel/Motel/Hospital Service
  - 1+
  - 0+, 0- (Credit Card, Third-Party Billing, Collect Calls)
  - Inmate Service
  - 101XXXX
  - Cellular - Type 2A
- In addition, operator assisted calls to the 311 subscriber will not be completed.
- I. The 311 subscriber is restricted from selling or transferring the 311 code to an unaffiliated entity without prior approval from the Company.
- J. An “affiliate” of a 311 subscriber is any entity that directly, or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with, the 311 subscriber. The term “control” (including the terms “controlling”, “controlled by, and under common control with”) means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of an entity, whether through the ownership of voting securities, by contract, or otherwise.
- If a 311 subscriber becomes an affiliate of or is acquired by another 311 subscriber through merger, acquisition, annexation or otherwise, then the affiliated subscribers must surrender all but one 311 number within 6 months of the merger or acquisition.
- K. 311 will not provide calling number information in real time to the 311 subscriber. If the 311 subscriber needs this type of information, the 311 subscriber must subscribe to a compatible Calling Number Identification service in A13. preceding.
- L. Calls to a disconnected 311 number will be routed to intercept announcement facilities for a maximum of 60 days, when the 311 subscriber is a Company subscriber. The announcement provided may refer the caller to another telephone number.

## A13. MISCELLANEOUS SERVICE ARRANGEMENTS

### A13.82 311 for Non-Emergency Municipal Use (Cont'd)

#### A13.82.2 Service Requirements and Conditions

- A. All requests for 311 must be submitted in writing to the Public Service Commission. The Commission will allocate the 311 code in the specified central office based upon requirements and/or standards established by the FCC.
- B. Within 30 days of the number assignment by the Public Service Commission, the 311 subscriber must initiate the request for service. The Company will provision the subscriber's order within a reasonable time, given the complexity of the order. The 311 subscriber will be billed the nonrecurring charge when the service is provisioned by the Company.  
If during this period, the 311 subscriber has failed to establish service or decides to discontinue service establishment, the 311 number will be recalled and the number will be considered available for reassignment as specified in A. preceding. If the network has been provisioned for the subscriber, the nonrecurring charge will not be refunded or waived.
- C. The 311 subscriber, must prior to provisioning of the service, sign a written acknowledgement of possible recall of the 311 number and an agreement to return the code upon receipt of 6 months written notice of such a recall from the Company and abide by all terms and conditions identified by the FCC in CC Docket 92-105 regarding the use and return of such 311 codes. If a recall is affected, the Company will work with all 311 subscribers affected by such recall to transfer their service arrangements, to a 7 or 10 digit dialing arrangement within the 6 month notice period. The 311 subscriber will be required to migrate to any standard access arrangement for information services subsequently agreed to by the industry and approved by the FCC. The 311 subscriber will be charged the appropriate rates for the establishment of the new access arrangement. (T)
- D. Only one 7 or 10-digit local number or one 10-digit toll free number may be used as the lead number per central office. Appropriate rates from Sections A3. and A4., will apply. (T)
- E. The 311 is provided where facilities permit.
- F. The 311 subscriber should work separately with cellular companies to ascertain whether Type 1 cellular customers will be able to reach non-emergency services provided by dialing 311.
- G. The 311 subscriber should work separately with competitive local exchange companies to ascertain that its end user customers will be able to reach non-emergency services provided by dialing 311.
- H. 311 will be provided under the following conditions.
  1. For network sizing and protection, the 311 subscriber must provide an estimate of annual call volumes, the expected busy hour and holding time for each call to 311.
  2. The customer will subscribe to adequate telephone facilities initially and subsequently as may be required, in the judgment of the Company, to adequately handle calls to 311 without impairing the Company's general telephone service or telephone plant. It will be the intent of the Company to provide facilities designed to provide a call blocking probability of one call per hundred during normal busy hours for 311 Dialing Service.
  3. The 311 subscriber is responsible for obtaining all necessary permission, licenses, written consents, waivers and releases and all other rights from all persons whose work, statements or performance are used in connection with the service, and from all holders of copyrights, trademarks, and patents used in connection with said service.
  4. The 311 subscriber shall be liable for, and shall indemnify, protect, defend and save harmless the Company against all suits, actions, claims, demands and judgments, and of all costs, expenses and counsel fees incurred on account thereof, arising out of and resulting directly or indirectly from the service or in connection therewith, including, but not limited to, any loss, damage, expense or liability resulting from any infringement or claim of infringement, of any patent, trademark, copyright, or resulting from any claim of liable and slander.
  5. Suspension of 311 as covered in Section A2. is not applicable for this service. (T)
  6. The 311 subscriber shall respond promptly to any and all complaints lodged with any *governing body* against any service provided via the 311 number. If requested by the Company, the 311 subscriber shall assist the Company in responding to complaints made to the Company concerning the subscriber's 311 service.
  7. A written notice will be sent to any 311 subscriber following oral notification when their service unreasonably interferes with or impairs other services rendered to the public by the Company or by other subscribers of 311 Service. If after notification the subscriber makes no modification in method of operation or in the service arrangements that are deemed service-protective by the Company, or if the subscriber is unwilling to accept the modifications, or if the subscriber continues to cause service impairment, the Company reserves the right, at any time, without further notice, to institute protective measure, up to and including termination of service. In an emergency situation as defined by the Company, the Company reserves the right, at any time, without notice, to institute protective measures up to and including termination of service.

**A13. MISCELLANEOUS SERVICE ARRANGEMENTS**

**A13.82 311 for Non-Emergency Municipal Use (Cont'd)**

**A13.82.2 Service Requirements and Conditions (Cont'd)**

- I. If a pre-recorded announcement is provided by the 311 subscriber, the following conditions apply.
  - 1. The 311 subscriber will provide announcements. The Company will provide only the delivery of the call.
  - 2. 311 subscriber's sponsorship of any particular announcement of recorded program service shall not preclude another 311 subscriber from sponsoring the same or similar announcement or recorded program service.
  - 3. The provision of access to the 311 network by the Company for the transmission of announcement or recorded program services is subject to availability of such facilities and the requirements of the local exchange network.
  - 4. The 311 subscriber assumes all financial responsibility for all costs involved in providing announcement or recorded program services including, but not limited to, the recorder-announcement equipment producing the recording, advertising and promotional expenses.
  - 5. The 311 subscriber assumes, according to other specific rates and charges under *guidebook*, all financial responsibility for all facilities required to connect the recorder-announcement equipment located on the subscriber's premises. (T)
- J. The Company may take all legal and practical steps to disassociate itself from 311 subscribers providing services whose business and/or public conduct (whether demonstrated or proposed) is of a type that in the Company's discretion generates unacceptable levels of complaints by end users.
- K. In no event shall the Company be liable for any losses or damages of any kind resulting from the unavailability of its equipment or facilities or for any act, omission or failure of performance by the Company, or its employees, or agents, in connection with this *Guidebook*. The Company shall not be responsible for calls that cannot be completed as a result of repair or maintenance difficulties on Company facilities and equipment nor on equipment owned or leased by the subscriber. (T)
- L. The municipality ordering the service must establish procedures to deal with calls from those within the central office but outside of their jurisdiction.

**A13.82.3 Obligations of the Competitive Local Exchange Carrier (CLEC)**

- A. In those instances where a CLEC provides the 311 to its end user per central office switch, terms and conditions for 311 are as defined in the appropriate Interconnection Agreement.
  - 1. For purposes of providing a CLEC end user access to the 311 subscriber per central office switch, appropriate arrangements must be made by the CLEC with the 311 subscriber.
  - 2. A CLEC may negotiate the provision of directory listings as defined in the Interconnection Agreement.

**A13.82.4 Rates and Charges**

- A. Application of Rates
  - 1. A Service Establishment charge shall apply per central office.
  - 2. 311 subscribers will pay the normal charges for the local exchange access arrangements (e.g., PBX trunks, Centrex Type Services lines, etc.) used for transporting and terminating messages at the 311 subscriber's designated premises. (T)
  - 3. Applicable service order charges as specified in Section A4. will apply, in addition to the following rates. (T)
  - 4. A Central Office Activation charge will apply per central office switch translated to the lead number.
  - 5. A charge will apply to changes to the point-to number at the subscriber's request, per 311 Dialing Service, per central office switch.
- B. Charges applicable to the 311 For Non-Emergency Municipal Use Subscriber
  - 1. Service Establishment Charge

	<b>Nonrecurring Charge</b>	<b>USOC</b>
(a) Per Central Office	<b>\$844.00</b>	<b>311SE</b>
2. Central Office Activation		
(a) Per Central Office	<b>122.00</b>	<b>311CC</b>
3. Change of Point-to Number by Subscriber		
(a) Per Central Office	<b>8.00</b>	<b>311AP</b>

## A14. AUXILIARY EQUIPMENT

### A14.3 Break In Rotary Number Group

#### A14.3.1 General

- A. Break in rotary number group is an arrangement whereby certain central office lines or PBX trunks may be temporarily removed from the rotary number group by means of a key and associated equipment at the subscriber's premises which, through the use of a signaling channel, operates control equipment in the central office.

#### A14.3.2 Rates

- A. The following rates apply for furnishing a break in a rotary number group:
  1. Common equipment in the central office, to effect a break in rotary.

	<b>Installation Charge</b>	<b>Monthly Rate</b>	<b>Basic Termination Charge</b>	<b>USOC BRR BRA</b>
(a) For the first 10 lines <sup>1</sup> (BTC 60 mo.)	\$-	\$8.70	\$280.00	BRR
(b) For each additional ten lines controlled by the same key (BTC 60 mo.)	-	7.90	200.00	BRA
2. Change in point of break in rotary number group				
(a) Each	20.00	-	-	99N

### A14.4 (DELETED)

**Note 1:** Rates and Charges are applicable for a control channel(s) (Type 1109) as specified in the Private Line *Guidebook* for each group of lines controlled by the same key. (T)

## A14. AUXILIARY EQUIPMENT

### A14.7 Message Register Service

#### A14.7.1 General

- A. Message register equipment is furnished subscribers for the purpose of providing readings of traffic volume on local exchange telephone service.

#### A14.7.2 Rates

- A. Central Office Components

- 1. Central office common equipment to provide overflow information when the customers line(s) are busy or completed local outgoing call information for Hotel/Motel systems.

	Nonrecurring Charge	Monthly Charge	USOC
(a) Each line <sup>1</sup>	\$8.00	\$5.55	MR8

### A14.8 ESSX Customer Premises Attendant Services

#### A14.8.1 50B Customer Premises System (50B CPS)

- A. General

- 1. The 50B Consoles are provided only where the Central Office serving a Centrex Type Services system has been arranged for use with such consoles.
- 2. The 50B Consoles are available only equipped with Touch-Tone dial and, therefore, rates and charges for Touch-Tone calling service as specified in Section A13. will apply. (T)

**Note 1:** One (1) 1105 control channel at rates and charges as specified in Section A13. is required for every two (2) USOCs: MR8 and/or fraction thereof. (T)

## A14. AUXILIARY EQUIPMENT

### A14.8 ESSX Customer Premises Attendant Services (Cont'd)

#### A14.8.1 50B Customer Premises System (50B CPS) (Cont'd)

**A.** General (Cont'd)

3. The Direct Station Selection (DSS) and Busy Lamp Field (BLF) capabilities are only available with the 50B console (USOC ECG). The Direct Station Selection feature is included in the 50B console (USOC ECG) rate. The Centrex Type Services main station lines equipped for DSS must be in consecutive one hundred station number groups. Where more than one console is equipped for DSS/BLF the DSS and station busy indications on the other consoles are multiple appearances of the first console. Only four (4) consoles may be equipped with the DSS/BLF capabilities. The DSS/BLF features can be provided only to the main stations at the same location as the consoles.
4. The 50B consoles are equipped to terminate eight (8) Attendant Access Lines. An additional eight (8) Attendant Access Lines may be terminated by providing two console line circuit packs (USOC ECP) which terminate four (4) Attendant Access Lines each.
5. Each Attendant Access Line terminating on the 50B console requires an Attendant Access Circuit (USOC EAS).
6. Attendant Access lines are required between the No. 1 ESS serving the Centrex Type Services System and the console location. These facilities are used to complete incoming calls for the listed directory number and may be arranged for completing dial "O" traffic. In addition, Attendant Access Lines have the same capabilities as Centrex Type Services main station lines. Attendant Access Lines terminate directly on apparatus of a specific console. Multiple appearances of an Attendant Access Line are not provided.
7. The Centrex Type Services Primary Feature Package is required with each Centrex Type Services circuit designated as a Attendant Access Line.
8. Night Service is provided by use of the Directed Call Pickup optional feature of the Centrex Type Services System on the listed directory number.
9. Control channels are required for various console optional features as indicated and are provided at the appropriate rates and charges as specified.

**B.** Rates and Charges

The following nonrecurring charges for the 50B consoles are in addition to any applicable regular service connection, move, change and installation charges provided for in other sections of this *Guidebook*.

(T)

1. Service Establishment Charge

	<b>Nonrecurring Charge</b>	<b>USOC</b>
(a) Initial Installation <sup>1</sup>	<b>\$1,600.00</b>	<b>NA</b>
2. Equipment Addition Charge		
(a) Per Occasion <sup>2</sup>	<b>700.00</b>	<b>NA</b>
3. Change of Faceplate or Trim Panel		
(a) Each	<b>50.00</b>	<b>NA</b>

**Note 1:** A one time Service Establishment Charge applies per customer console grouping arrangement location.

**Note 2:** When adding Consoles, Console Line Circuit Packs, Scanner Units, or Scanner Line Circuit Packs to an existing system an Equipment Addition Charge applies on a per occasion basis in addition to the Installation Charges for the equipment.

**A14. AUXILIARY EQUIPMENT**

**A14.8 ESSX Customer Premises Attendant Services (Cont'd)**

**A14.8.1 50B Customer Premises System (50B CPS) (Cont'd)**

**B. Rates and Charges (Cont'd)**

4. 50B Consoles and Associated Equipment

	<b>Installation Charge</b>	<b>Monthly Rate</b>	<b>USOC</b>
(a) 50B Electronic Console including control unit equipped for termination of eight (8) attendant access lines, each	<b>\$625.00</b>	<b>\$265.00</b>	<b>ECB++</b>
(b) 50B Electronic Console including control unit with Direct Station Selection and Busy Lamp Field equipped for termination of eight (8) attendant access lines <sup>1</sup> , each	<b>625.00</b>	<b>280.00</b>	<b>ECG++</b>
(c) 50B Multibutton Electronic Telephone Console including control unit equipped for termination of eight (8) attendant access lines, each	<b>510.00</b>	<b>170.00</b>	<b>ECH++</b>
(d) Console Line Circuit Pack - provides for termination of four (4) additional attendant access lines <sup>2</sup> , each	<b>35.00</b>	<b>15.00</b>	<b>ECP</b>
(e) DSS/BLF Scanner Unit equipped for busy lamp termination of 50 Centrex Type Services lines <sup>3</sup> , each	<b>300.00</b>	<b>65.00</b>	<b>ECU</b>
(f) Scanner Line Circuit Pack - provides for busy lamp termination of 25 additional Centrex Type Services lines <sup>4</sup> , each	-	<b>12.00</b>	<b>ECL</b>
(g) Optional Equipment Cabinet for Control and Scanner Units <sup>5</sup> , each	-	-	<b>ECJ</b>

5. Central Office Components

Rates and Charges for ESSX service apply as appropriate.

**A14.8.2 Data Link Console**

**A. General**

1. Data Link Console operation utilizes universal cordless telephone consoles and is provided only where the central office serving the Centrex Type Services System has been arranged for use with such console operation.

**Note 1:** Can provide DSS/BLF for up to 1800 Centrex Type Services main station lines.

**Note 2:** Maximum of 2 per console

**Note 3:** Maximum of 300 Busy Lamps

**Note 4:** Maximum of 10 per Scanner Unit

**Note 5:** Rates and charges as applicable for Data Cabinet USOC MD5 in Section A16. apply.

(T)

## A14. AUXILIARY EQUIPMENT

### A14.8 ESSX Customer Premises Attendant Services (Cont'd)

#### A14.8.2 Data Link Console (Cont'd)

**A. General (Cont'd)**

2. Console Access Loops are required for each Centrex Type Services System equipped for data link console operation. These facilities are used to complete incoming calls for the listed directory number and may be arranged for completing dial "O" traffic. In addition, Console Access Loops have the same capabilities as Centrex Type Services main station lines. Console Access Loops terminate on the Data link common equipment.
3. The ESSX-1 Primary Feature Package is required with each ESSX-1 circuit designated as a Console Access Loop.
4. The Data Link Consoles are available only equipped with a Touch-Tone dial and therefore, rates and charges for Touch-Tone Calling Service as specified in Section A13. will apply. (T)
5. The Night Service feature is provided by means of a Night Key on the console.
6. Two-way call splitting enabling an attendant to talk to either a calling or called party with the other party being excluded from the conversation is provided.
7. The console can be made to appear busy on incoming calls by the operation of the busy key on the console or by the removal of the attendant headset.
8. Busy Verification is a 51A console attendant position optional service arrangement which permits the Centrex Type Services system attendant to verify the status of main station lines and CCSA, SCAN, EPSCS, ETS and tie line terminations associated with that system.
9. The basic call waiting lamp feature on the console is provided to inform the attendant that calls are waiting to be answered.  
The optional feature "Variable Trigger" on call waiting lamps provides a more dynamic representation of the length of queue for Data Link Console positions.
10. Incoming call identification provides the attendant with a means of identifying the source and type of incoming calls to be answered.
11. Trunk group busy lamps inform the attendant that all trunks in a particular trunk group are busy.

**B. Rates and Charges**

1. Optional Payment Plan - Noncontract

		<b>PLAN 2</b>		
		<b>Installation Charge</b>	<b>Monthly Rate</b>	<b>USOC</b>
