A18. LONG DISTANCE MESSAGE TELECOMMUNICATIONS SERVICE

A18.13 Calling Plans - Saver Service (Cont'd)

A18.13.6 Saver Service Options

A. Discount Plans.

For a fixed monthly charge, customers receive a discount in addition to regular MTS discounts. Subscribers may select either of two business options as appropriate. (C)

1. Fixed Monthly Charges

a. Saver service - Discount Plan monthly recurring rates are in addition to the usage charges specified in 2.

b. Method of Determining Monthly Recurring Rates

- (1) Determine the total number of individual lines, PBX trunks, or Centrex Type Services network access registers in the account included in the Saver service - Discount Plan during the billing period. Individual lines, PBX trunks, etc. in service for a fraction of a month are prorated based on the number of days in service divided by thirty days.
- (2) The number of individual lines, PBX trunks or Centrex Type Services network access registers in the account from (1) is applied to the rate to produce the monthly charge.

	Monthly Rate	USOC
c. Business (WatsSaver service) Monthly Rates		
(a) Option 1 (Business), per line	\$3.50	OSW1B
(b) Option 2 (Business), per line	4.00	OSW2B

2. Usage Charges

a. The customer will receive a Saver service discount on toll usage based on the Option selected in 1.

b. Method of Determining Usage Charges:

- (1) All eligible intrastate, intraLATA messages placed during all rate periods specified in A18.3.1 will be rated using the prevailing toll rates and procedures as specified in A18.3.1 and accumulated throughout the customer's billing period.
- (2) At the end of the billing period the accumulated toll usage charges are discounted by the percent specified below for the option selected.

c. Business (WatsSaver) Discounts

	DISCOUNT RATES	
Option 1 (Business) Usage Discount	20%	(M)
Option 2 (Business) Usage Discount	25%	(M)

d. (DELETED) (M)(D)

(M)

B. Budgeting Plan

Depending upon the Option selected, a customer may use up to the initial block of time of toll calling per account for a fixed monthly rate. In the same billing period, usage which exceeds the initial block of time will be prorated based on the rate of the initial block. At the customer's option, multiple accounts of a customer may be billed on the same bill, including accounts that represent separate locations and accounts that represent residential service. However, for the account to be eligible for the service, all services in the account must be billed on the same bill. Because this service is account based, partial billed to numbers (BTNs) are not eligible for the service; e.g. the consolidation of toll usage from multiple BTNs without the consolidation of all other service elements associated with those BTNs is not allowed.

1. Method of Determining Monthly Usage Charges

- a. Usage is determined for each call based on minutes and tenths of minutes (or fraction thereof), with a minimum call duration of thirty seconds. This value is then multiplied by the rate per minute for the rate option selected by the customer. The resultant amount is truncated to whole cents for each call.
- b. For the billing period, the amount for each call, as determined in a. preceding, is totaled for all lines in the billing account to determine the total usage amount to be billed, subject to the requirement in c. following.
- c. The amount, as determined in b. preceding, is subject to a Monthly Settlement Amount as specified by the appropriate rate option selected by the customer (minutes times peak rate per minute), for the billing account (Reference B.3. following).
