B102.2 Primary Service

Service is furnished to a customer for a minimum chargeable period of eight consecutive hours per day, in hourly multiples for one or more days per week. Such a period may start at any hour of a calendar day and may extend into the next calendar day. When service is requested for a period of less than eight hours per day, the charge is that for the period of eight consecutive hours which includes the period during which service is furnished and which results in the lowest charge to the customer. When service is requested for more than a single continuous period per day, the charge applicable is either that for one continuous period of eight or more hours which includes all periods during which service is furnished or that for two separate periods, each of eight or more consecutive hours, which together include all periods during which service is furnished, whichever results in the lower charge to the customer.
