

SECTION 4 - Pricing

Pricing (P)

P-1 Rate Elements

Except as set forth below, monthly recurring charges for AT&T Switched Ethernet Service Ports and associated Committed Information Rates are set forth in Section P-4 and vary by Port size, CIR, CoS, and term.

P-2 Ethernet Payment Plan (EPP)

To subscribe to AT&T Switched Ethernet Service, the Customer must select one of the EPP options below. The service is not available to be subscribed to on a month-to-month basis.

Ethernet Payment Plan Options				
12 Months	24 Months	36 Months	48 months	60 months

- (1) Nonrecurring charges shown in Sections P-4.1.1, P-4.1.3, P-4.1.5, P-4.2.1, P-4.2.14, and P-4.3 will be waived for Customers subscribing to new service under an EPP, or for Customers subscribing to a new EPP for an existing service, subject to Section P-2(5). For moves of service and service reconfigurations, nonrecurring charges will apply as specified in Sections P-2(6) and (7). (C)
- (2) During the Customer's EPP term, AT&T initiated recurring rate changes (i.e., rate increases or decreases) will be automatically applied to the Customer's EPP rates for the months remaining in the Customer's EPP term. However, at no time during the Customer's EPP term will rates exceed the Customer's initial EPP rates. (C)
- (3) When an EPP term expires, the Customer may select a new EPP term from among any EPP options which are then available to new Customers hereunder. EPP rates in effect at the time the new EPP term starts will apply. If the Customer selects such new EPP term at least 90 days in advance of the existing EPP term expiration date, the new EPP term will begin immediately upon the expiration of the existing EPP term. If the Customer selects such new EPP term, but does not do so at least 90 days in advance of the existing EPP term expiration date, the Term Extension Month-to-Month Rates will apply between the expiration of the existing EPP term and the date upon which AT&T implements the new EPP term in its billing system.
