

SECTION 2 - Service Description

SD-1.4.6 Entrance Facility Construction Availability

AT&T will provide Entrance Facility Construction (EFC) for eligible orders. EFC is a deregulated activity consisting of conduit, other support structures, or physical pathway necessary for the installation of AT&T Switched Ethernet Service from the property line of the premises where the entrance facility is to be constructed to the minimum point of entry of the building where the Network Terminating Equipment is located.

For terms and conditions, refer to:
