

SECTION 2 - Service Description

SD-1.4.6 Entrance Facility Construction Availability

AT&T will provide Entrance Facility Construction (EFC) for eligible orders. EFC is a deregulated activity consisting of conduit, other support structures, or physical pathway necessary for the installation of AT&T Switched Ethernet Service from the property line of the premises where the entrance facility is to be constructed to the minimum point of entry of the building where the Network Terminating Equipment is located.

For terms and conditions, refer to:

http://cpr.att.com/pdf/service_publications/EFC_Attachment.pdf

SD-1.4.7 Expedite Request Charge

If wholesale Customers request an improved service due date (an Expedite Request), AT&T will review each individual Expedite Request and, in its sole discretion, determine if the due date can be improved. Not all requests will result in a due date improvement. Each Expedite Request will result in an Expedite Order Charge even if the due date is not improved. An Expedite Request should not be sent before an original due date has been established.
