**A3.47.4 Termination Liability and Shortfall**

- A. Except as provided for elsewhere in this Guidebook, customers who terminate their entire AT&T Business Local Calling account prior to completion of the selected term period are subject to termination charges. Termination charges are equal to \$15.00 times the number of months remaining on the term commitment times the number of lines subscribed to on the initial order.
- B. Termination charges are not applicable if, during the term period:
  - 1. the customer converts to another Company access and local usage plan with a term equal to or greater than the time remaining on the AT&T Business Local Calling term plan. For 20+ line agreements the customer must also establish a new line commitment at least as great as in their initial subscription in order to qualify; or
  - 2. the customer converts to an upgraded technology with the Company (e.g., network access lines to PBX Trunks, Centrex, ISDN) and commits to a term equal to or greater than the time remaining on the AT&T Business Local Calling term plan. It is at the Company's sole determination whether a product change satisfies the requirements for waiver of the termination liability under this clause; or
  - 3. the customer chooses to terminate their agreement and to negotiate a new AT&T Business Local Calling agreement with a term period greater than the time remaining on the existing AT&T Business Local Calling agreement. The new service agreement will be based on the term plan rates in effect at the time of establishing the new agreement. For 20+ line agreements the customer must also establish a new line commitment at least as great as in their initial subscription in order to qualify.
- C. For customers who initially subscribe to 20+ lines: in any month during the term of an AT&T Business Local Calling agreement if the customer's total number of subscribed lines falls below 80% of the number of lines subscribed to on the agreement, then a shortfall adjustment charge will be applicable and will appear on the customer's bill for each of those months. This shortfall adjustment charge is equal to \$10.00 times the number of lines below the 80% requirement.
