B7. DIGITAL NETWORK SERVICE

B7.7 Self-Healing Multi-Nodal Alternate Route Topology Ring (SMARTRing) Service (Cont'd)

B7.7.2 Application of Rates (Cont'd)

- **H.** In order to accommodate more flexible customer situations, SMARTRing service is available under several payment plans¹: 36 Month Term Payment Plan (24-48 months), 60 Month Term Payment Plan (49-72 months), or 84 Month Term Payment Plan (73-96 months). The 36, 60, and 84 Month Term Payment Plans are provided under conditions specified in the Channel Services Payment Plan, (CSPP), B2.4.9, except as modified following. For all payment plans, the following regulations apply:
 - 1. All rate elements, except Channel Interfaces for a given SMARTRing service, whether initially or subsequently ordered, must be provided under the same payment plan with the same service period and are coterminous upon disconnect of the SMARTRing service. Channel Interfaces may be ordered under payment plans equal to or less than the selected payment period for the given SMARTRing service.
 - 2. The rates applicable to a month-to-month payment plan are subject to Company initiated changes.
 - 3. A termination liability charge will be applicable if services provided under a CSPP arrangement are disconnected prior to the end of the chosen service period as follows:
 - For service elements other than those added with the OC-192+ filing that was effective on June 18, 2001, the applicable charge for a term plan entered into prior to April 3, 2001, is equal to the number of months remaining in the rate stabilized service period times sixty percent of the monthly rates for SMARTRing service which include all Nodes, Local Channels, Alternate Central Office Channels, Internodal Channels and/or Interoffice Channels provided under the CSPP arrangement.
 - For services under the month-to-month payment plan, a termination charge is equal to the number of months remaining in the twelve month minimum times the month-to-month rates in effect for SMARTRing service at the time of termination.
 - For service elements added to this guidebook as part of the OC-192+ filing that was effective on June 18, 2001, a customer's liability for the cancellation of service prior to the time the customer's obligations under a contract plan would have otherwise been satisfied is stated in B.2.4.9.A.4. The termination charge described in this subparagraph will apply only to contract plans for the following rate elements introduced with this filing as follows:
 - B7.7.4.A.3.(e) and (j)
 - B7.7.4.A.5.(f)
 - B7.7.4.A.5.(h) through (k)
 - B7.7.4.A.7.(f)
 - B7.7.4.A.8.(h), (i), (n), and (o)
 - For term plans entered into on or after April 3, 2001, a customer's liability for the termination of service prior to the time the customer's obligations under the term plan would have otherwise been satisfied are set forth in B.2.4.9.A.4. For term plans entered into before April 3, 2001, the customer's obligations for the termination of service prior to the time the customer's obligations under the term plan would have otherwise been satisfied is governed by the **service** terms that were in effect as of the date the customer entered the term plan.
 - All term plans for SMARTRing Service which are established, renewed or extended after December 13, 2013, for term lengths which are scheduled to expire at any time after February 1, 2019, will instead expire on February 1, 2019. All such services provided on or after February 1, 2019 will be provided on a Month-to-Month (MTM) basis at the applicable, then current MTM rates. Notwithstanding anything to the contrary in the previous two sentences, this footnote does not apply to any term plans established after July 15, 2017.
