**A3.22.1 General**

**A. Local Usage Detail**

Local Usage Detail (LUD) is an option for usage based pricing customers who desire a printed listing of local call details in lieu of the usual summary billing of all dialed sent paid local usage. Requests for LUD must be processed five days prior to the billing date of the month in which it is desired, and must be initiated at the beginning, and terminated at the end of billing periods. In these cases, LUD must remain in place for complete billing periods, except where total service is terminated. LUD may be initiated between billing dates only when requested at the time service is established. LUD is not available for business message rate lines, PBX trunks, Centrex Type Services or offices where message rate service is not generally offered.

When an order is issued solely for the purpose of initiating LUD, a charge equivalent in amount to a Secondary Service Charge applies (see paragraph A4.3.1.A.1.(c) ). If LUD is initiated at the same time an order is being issued for any other purpose, the charge preceding does not apply. When an order is issued solely to initiate LUD, no service charges apply for BellSouth Business Plus service only.
