**A103.43 BellSouth Business Plus Service (Cont'd)**

**A103.43.1 Plan Descriptions (Cont'd)**

- A. BellSouth Business Plus Service (Cont'd)
  - 5. Customers may subscribe to either the standalone BellSouth Business Plus service offering or to the Complete Choice for Business Package (See A3.45) which includes a BellSouth Business Plus service line. If BellSouth Business Plus service is subscribed to, the rates of A3.43.2 are applicable. If Complete Choice for Business package is subscribed to, the rates of A3.45.2 are applicable. All of the terms, conditions and limitations specified for each offering will apply to the respective services and features. (C)
  - 6. Usage rating is dependent upon the underlying service of the originating call location. When BellSouth Business Plus service usage charges as described in paragraph 2 are applicable, they will also apply to 1+, 0+ and 0- calls made within the LATA. However, for 0+ and 0- calls, usage does not contribute toward the Option 1 usage threshold and each minute of use is rated. The appropriate operator services surcharges will also be charged in accordance with the terms and conditions of A.3.14.
  - 7. BellSouth Business Plus service Option 2 customers only may subscribe to Local Usage Detail for billable usage. There is no charge for the Local Usage Detail.
  - 8. Method of Determining Monthly Usage Charges
    - a. Usage is determined for each call based on minutes or fraction thereof, with a minimum call duration of one minute. This value is then multiplied by the rate per minute for the rate option selected by the customer. The resultant amount is truncated to whole cents for each call. The amount of usage billed to the customer is subject to paragraphs b. and c.
    - b. For Option 1, only usage above the first 120 hours (7,200 minutes) of usage allowance is billed to the customer.
    - c. For Option 2, only usage outside the Local Calling Area is subject to the billing as described in paragraph a.
