A3.2 Statewide Rate Schedule (Cont'd)

A3.2.2 Reserved For Future Use

A3.2.3 Measured Rate Schedule (Business)

A. The following schedule of monthly rates is applicable to Individual Line or Trunk Measured Rate Service in locations where facilities are available.

Measured rate service will not be offered where RegionServ is available with the exception of service provided to customer-provided public telephone (See A3.1.E.).

Measured rate service requires special equipment and arrangements and is furnished only when such equipment and arrangements are available.

The rates specified, with zone charges applicable to those services furnished outside the BRA of an exchange, entitle subscribers to a usage allowance for calls completed to stations in the local calling area, i.e., all stations bearing the designation of central offices of the serving exchange and additional exchanges as shown in A3.6, Local Calling Areas.

Charges for local usage in excess of the allowances are specified herein and are based on mechanized records kept of all calls originated on the line.

A3.2.4 Message Rate Schedule (Business)

The following schedule of monthly rates is applicable to Individual Line Message Rate Main Station Line Service in locations where facilities are available.

The rates specified, with a zone charge when applicable to service furnished outside the BRA of an exchange, entitle subscribers to the number of messages specified to all stations in the local calling area; i.e., all stations bearing the designation of central offices of the serving exchange and additional exchanges as shown in A3.6, Local Calling Areas. Additional local calling area messages placed over the line during a month are charged for at the rates specified following based on mechanized records kept of all calls originated on the line. When a customer subscribes to more than one message rate line,

1. If the lines are non-consecutive each line is considered separately in determining additional messages; or
2. If the lines are consecutive the messages on all lines and the combined message allowance is used in determining billable additional messages.

A103.43 BellSouth Business Plus Service (Cont'd)

A103.43.1 Plan Descriptions (Cont'd)

- A. BellSouth Business Plus Service (Cont'd)
 - 5. Customers may subscribe to either the standalone BellSouth Business Plus service offering or to the Complete Choice for Business Package (See A3.45) which includes a BellSouth Business Plus service line. If BellSouth Business Plus service is subscribed to, the rates of A3.43.2 are applicable. If Complete Choice for Business package is subscribed to, the rates of A3.45.2 are applicable. All of the terms, conditions and limitations specified for each offering will apply to the respective services and features.
 - 6. Usage rating is dependent upon the underlying service of the originating call location. When BellSouth Business Plus service usage charges as described in paragraph 2 are applicable, they will also apply to 1+, 0+ and 0- calls made within the LATA. However, for 0+ and 0- calls, usage does not contribute toward the Option 1 usage threshold and each minute of use is rated. The appropriate operator services surcharges will also be charged in accordance with the terms and conditions of A.3.14.
 - 7. BellSouth Business Plus service Option 2 customers only may subscribe to Local Usage Detail for billable usage. There is no charge for the Local Usage Detail.
 - 8. Method of Determining Monthly Usage Charges
 - a. Usage is determined for each call based on minutes or fraction thereof, with a minimum call duration of one minute. This value is then multiplied by the rate per minute for the rate option selected by the customer. The resultant amount is truncated to whole cents for each call. The amount of usage billed to the customer is subject to paragraphs b. and c.
 - b. For Option 1, only usage above the first 120 hours (7,200 minutes) of usage allowance is billed to the customer.
 - c. For Option 2, only usage outside the Local Calling Area is subject to the billing as described in paragraph a.

A113.57.1 General

- A. Warm Line Service provides a business customer who has basic exchange line service with a time delayed automatic dialing capability. If the customer with this service goes off-hook and initiates dialing within the time delay period, the call will proceed normally as dialed. If dialing does not commence within the time delay period (0-20 seconds), a preprogrammed number is automatically dialed. The preprogrammed number and time-delay period are selected by the customer at the time service is established and can be changed only via service order.
- B. Warm Line Service may be used only in connection with individual line service.
- C. Warm Line Service is furnished only from central offices which have been arranged to provide this service and is provided subject to the availability of facilities.

A113.57.2 Rates and Charges
