| Tariff /Guidebook Sections: | GEGB A002, PLGB002 |
| Expected Issue Date: | 05/15/2024 |
| Expected Effective Date: | 06/30/2024 |
| Descriptive Narrative: | <p>BellSouth Telecommunications, LLC d/b/a AT&T Tennessee intends to retire copper facilities serving distribution areas (DA) in the following wire centers: Dodds Avenue (CHTGTNDT), Middle Valley (CHTGTNMV), Ninth Street (CHTGTNNS), Red Bank (CHTGTNRB), Cleveland (CLEVTNMA), Clarksville (CLVLTNMA), Franklin (FKLNTNMA), Greenbrier (GNBRTNMA), Hendersonville (HDVLTNMA), Henderson (HNSNTNMT), Jackson (JCSNTNMA), Murfreesboro (MRBOTNMA), Brentwood (NSVLTNBW), Soddy Daisy (SDDSTNMA), Tullahoma (TLLHTNMA), and Winchester (WNCHTNMA). No customers are currently served by these copper facilities, so this action will have no impact on customers.</p> <p>AT&T Tennessee plans to continue providing service to these DAs over existing Gigabit Passive Optical Network/Fiber-to-the-Premises (GPON/FTTP) and retire the copper facilities.</p> <p>After implementation of the planned changes, only fiber-based services will be available in these DAs. AT&T Tennessee records indicate there are no working circuits, including competitive carrier circuits, on the copper facilities in these DAs.</p> |
