/1/ See Part 4, Section 1 for a list of all exchanges.

LOCAL EXCHANGE SERVICE (cont'd)

F. Extended Area Service (EAS) (cont'd)

3. Optional Extended Metropolitan Service (EMS)^{1/}

a. Description

Extended Metropolitan Service (EMS) is a two-way optional service that enlarges a customer's local calling scope. EMS allows customers to make calls to and receive calls from customers of participating providers in specified exchanges. EMS requires subscribers to be assigned a number from a dedicated NPA/NXX so that calls originating in the subscriber's expanded calling area will be recognized in the network as a local call to the subscriber. EMS subscribers include all customers of ILECs and CLECs being served by a dedicated NPA/NXX code. Monthly rates for optional EMS include the basic local exchange service rate, and are shown in paragraph F.3.b. The local calling areas provided with EMS are listed in F.3.c, and are in addition to local calling areas listed in Part 4, Section 1. Tier 1 exchanges are contiguous to the metropolitan exchange; Tier 2 exchanges are not contiguous, but are near the metropolitan exchanges.

b. Rates^{2/}

<u>Service</u>	<u>Monthly Rate</u>		<u>USOC</u>	
	<u>Tier I</u>	<u>Tier II</u>		
Residence Flat-Rate 1-Party	\$61.95.	\$61.95	1EW	(I)
