CALL MANAGEMENT SERVICES

10. Hot Line/Warm Line (1)

10.1 Description of Service

10.1.1 Hot Line provides an access line the capability to automatically originate a call to a preassigned number. The call is immediately and automatically triggered by an off-hook condition. Incoming calls are received normally. Hot Line is available only where facilities permit.

10.1.2 Warm Line provides an access line the capability to automatically originate a call to a preassigned number. The call is triggered by an off-hook condition, but after a five second waiting period. During the five second waiting period, the customer may manually dial an outgoing call. Incoming calls are received normally. Warm Line is available only where facilities permit.

10.2 Hot Line/Warm Line-Rates

The following rates and charges apply in addition to the established rates and charges for the access line and any other associated services.
