- {1} Service Connection Charges apply per Section 27 of the General Exchange Tariff.
- {2} Unless otherwise noted, all service components are offered in both a National ISDN format and a vendor-specific format. ("Vendor-specific" refers to the vendor of the SmartTrunk Service serving office switching system. Vendor-specific ISDN is sometimes referred to as "proprietary" ISDN.)
- {3} Payment of service connection charges and installation charges may be spread pursuant to Paragraph 2.2 above or pursuant to "-- Installment billing for business customers ...", Sheet 10.1, Section 23 of the General Exchange Tariff.
- {4} Rates are in addition to those specified for DID, tie line services, Outward WATS and Inward 800 in other tariffs of the Company.
- {5} Business customers who currently have service with another carrier and now establish Primary Rate ISDN SmartTrunk Service with the Company will receive a waiver of all Installation Charges, Service Connection Charges, and Conversion Charges associated with this rate element. To be eligible, the customer must not currently have any past due bills for regulated service owed to the Company, except in those cases where the customer and the Company have established mutually acceptable payment arrangements for collection of past due amounts. This offer cannot be combined with any other nonrecurring and/or conversion charge credit or waiver offers.
- {6} The additional installation charge applies only when an additional SI or Port is ordered and installed with the first SI or Port on the same service request, same SmartTrunk serving central office, same installation date and for the same customer.
- {7} Effective October 1, 2013, customers may not establish new term plans greater than 36 months for SmartTrunk, and existing term plans greater than 36 months may not be renewed or extended for a term greater than 36 months.
