**SERVICE CONNECTIONS, MOVES AND CHANGES**

**1. General** (Cont'd)

- 1.4 No distinction is made between a "New Installation or Connection" and an "Outside Move." All changes in location of customer's equipment or service from one premises to another, except as otherwise provided in this section, are treated as new service connections with service charges applying. For a definition of the term "Premises," see Section 14 of this tariff.
- 1.5 Service charges are in addition to other rates and charges normally applying under the tariffs. They apply in addition to construction charges made because of unusual costs in establishing service and are not in lieu of mileage charges.
- 1.6 For regulations covering the payment of service charges, see Section 23 of this tariff.
- 1.7 A maintenance of service charge will apply in those instances where SWBT makes a repair visit to the customer's premises and the service difficulty or trouble is not on SWBT's side of the demarcation point; see paragraph 1.2.2 of the "Connections of Terminal Equipment and Communications Systems" section of this tariff.

**1.8.8** Residential customers who subscribe to an access line will receive a waiver of all applicable installation charges. (T)

To be eligible for this offer, the customer must have their exchange access line with another carrier and now wish to establish service with the Company. Installation charges eligible for waiver do not include charges incurred as a result of a premise visit for installation of jacks and wiring. This waiver of charges may not be combined with a customer's receipt of a Link-Up discount.
