REGULATIONS APPLYING TO ALL CUSTOMERS' CONTRACTS

3. Application of Business and Residence Rates

3.1 Business rates apply at the following locations: {1}

In offices, stores, factories and all places of strictly business nature.

In boarding houses (except as noted below), offices of hotels, halls and offices of apartment buildings, quarters occupied by clubs or lodges, public, private or parochial schools or colleges, hospitals, libraries, churches and other similar institutions, except in churches and lodges as specified below.

At residence locations when the customer has no regular business telephone and the use of the service either by himself, members of his household or his guests, or parties calling him can be considered as more of a business than of a residence nature, which fact might be indicated by advertising, either by business cards, newspapers, handbills, billboards, circulars, motion picture screens, or other advertising matter, such as on vehicles, etc., or when such business use is not such as commonly arises and passes over residence telephones during the intervals when, in compliance with the law or established custom, business places are ordinarily closed.

At residence locations where the service is located in a shop, office or other place of business.

In college fraternity houses where the members lodge within the house.

At any location where the listing of service at that location indicates a business, trade or profession, except as specified in 3.2, following.

- {1} As a result of a stipulation in Docket No. 8387, approved by the Commission on January 9, 1991, SWBT agrees that all Bulletin Board Systems (BBS) that are located at residence locations that do not solicit, require or receive monetary compensation and that use three or fewer local exchange access lines shall be permitted to subscribe to local exchange access service at the approved residential rates. BBSs that are eligible to subscribe to local exchange access service at residential rates may publish their name, telephone number and technical information in a listing of BBSs by location and subject matter. Such listings must be purely information to advise readers of the BBS's name, telephone number, location, subject matter, hours, baud rates and other technical information. BBSs that do not meet these conditions will be considered business and approved business rates will apply for all local exchange access lines used by such BBS.

4. Regulations (cont'd)

4.11 Service Terms (cont'd)

4.11.3 Customers selecting the Month-to-Month service term may convert to the 12-month service term{1} at the current tariff rates. Customers converting from a Month-to-Month service term within 60 days from the date their Primary Rate ISDN Service is established, will receive a credit equal to the difference in installation charges associated with the Month-to-Month service term and the newly selected service term.

4.11.4 Customers converting to a new service term will be required to sign a new contract.

(D)
(D)

4.12 Upon expiration of the 12-, 24-, 36-, 48- or 60-month service term{1}, the customer may:

A. Continue service at the current Month-to-Month service term rate. That rate will be subject to any future changes.

B. Continue service by selecting a new 12-month service term{1} for the Control Link and/or Communication Link at the then current rates. The rates for the Control Link and/or Communication Link and any associated Link Extensions will not be subject to rate increases for the duration of the new 12-month service term selected by the customer. The customer will be required to sign a new contract (as shown in Section 24, Sheet 20 of the General Exchange Tariff).

C. Disconnect the service,

4.13 Service Changes

The following provisions apply when the service change is not coincident with a customer move.

4.13.1 Changes from the SelectVideo option to the SelectData option or vice versa will be considered a disconnection and new connection of service regardless of whether the service will be provided from a different central office. Refer to Paragraphs 8.10 and 8.11.2 for applicable charges.

4.13.2 Changes from the SelectVideo option to the SelectData option or vice versa may require a telephone number change. Such telephone number change may affect the customer's local calling scope.

{1} Effective January 25, 2013, 24-, 36-, 48-, and 60-Month Service Terms are no longer available for new installations or renewals of Primary Rate ISDN SelectVideo and SelectData service. Customers currently on a 24-, 36-, 48-, or 60-Month Service Term may continue service at their existing rate until the contract term expires. Upon completion of the current contract term, customers may continue receiving the service by entering into a new 12-Month Service Term agreement at the then current applicable 12-month rates. If the customer does not enter into a new 12-Month Service Term agreement, or requests discontinuance of the service, the Month-to-Month tariff rates in effect at such time will automatically apply.

8.11.2 The provisions of Paragraph 8.11.1, above do not apply in the following circumstances:

- A. If the customer converts from the SelectVideo option to the SelectData option.
- B. When the customer with an existing contract converts to another Company provided digital service under a contract term which is equal to or greater than the number of months remaining on the Primary Rate ISDN Service contract being terminated.
- C. If the disconnection of service is the result of a customer move which required the Primary Rate ISDN Service to be provided from a different central office.

However, in each of the above circumstances, deferred installation charges will become due as specified in Paragraph 8.11.3, following.

{1} Effective January 25, 2013, 24-, 36-, 48-, and 60-Month Service Terms are no longer available for new installations or renewals of Primary Rate ISDN SelectVideo and SelectData service. - {18} Effective January 25, 2013, 24-, 36-, 48-, and 60-Month Service Terms are no longer available for new installations or renewals of Primary Rate ISDN SelectVideo and SelectData service. Customers currently on a 24-, 36-, 48-, or 60-Month Service Term may continue service at their existing rate until the contract term expires. Upon completion of the current contract term, customers may continue receiving the service by entering into a new 12-Month Service Term agreement at the then current applicable 12-month rates. If the customer does not enter into a new 12-Month Service Term agreement, or requests discontinuance of the service, the Month-to-Month tariff rates in effect at such time will automatically apply.

** Effective May 1, 2014, Primary Rate ISDN SelectVideo and SelectData services are grandfathered for existing customers with existing service at existing locations. See Paragraph 1.0.
