**LOCAL EXCHANGE SERVICE**

**3. Rates (cont'd)**

**3.1 Rate Schedules (cont'd)**

**3.1.2 Business Service {6}**

Footnotes

{1} The local message allowance is 100 outgoing local messages, and \$0.08 for each additional outgoing local message over 100. One-Element Measured 1-Party business service is offered only to customers located within SWBT's Texas exchange central offices which have both the capability and capacity to offer such service.

{2} Reserved

(C)

{3} In addition, a charge of \$0.06 per outgoing local message applies.

{4} Hotel/Motel customers have the option of subscribing to Hotel/Motel Measured Trunks (THB) or PBX Trunks (TFB) for their guests' use; however, the mixing of flat and measured trunks for guests' use shall not be permitted.

{5} Applicable to only those "grandfathered customers" (customers with existing service at the same premises and under existing billing name) who previously had Suburban 4-Party Service and were converted to 1-Party Service at the time their respective exchange eliminated Suburban 4-Party Service as an offering.

{6} The priority provisioning and restoration of services offered under this tariff relative to the National Security Emergency Preparedness (NSEP) Telecommunications Service Priority (TSP) System shall be pursuant to the regulations and rates as delineated in the Telecommunications Service Priority System Tariff.

For application in this tariff, such regulations, rates and charges as are described in the Telecommunications Service Priority System Tariff shall be interpreted to apply on a "per request, per line/trunk" basis.

{7} See Paragraph 3.1.3 for rules and regulations associated with the Reserve Line option. In addition to the monthly rate per exchange access line (USOC 12L) listed in Paragraph 3.1.2, customers who choose the Reserve Line option are charged the following:

<u>Usage Rate per Minute, per Reserve Line option:</u>	<u>Rate per Minute</u>
For outgoing local usage and all incoming usage	\$0.04

**LOCAL EXCHANGE SERVICE**

**3.1 Rate Schedules (Cont'd)**

**3.1.3 Reserve Line Option for One-Element Measured, 1-Party Service{1}**

(B) Rate Application (Cont'd)

- (3) The Reserve Line option has the same optional toll calling plans available per exchange as other Business Local Exchange Access Services. Optional Extended Metropolitan Service (EMS) is available at the monthly rate listed for Business Hotel/Motel Measured service in Paragraph 3.1.6 (with USOC 12X). Reserve Line usage charges (as shown in Paragraph 3.1.2, Footnote 7) apply in addition to the monthly EMS rate.
- (4) Usage rates apply in addition to the monthly rate per Reserve Line option. Usage is billed per month on a summary basis. Usage rates apply per minute of use for all incoming calls and for all outgoing local calls. Usage charges apply to all outgoing calls except those that are placed to SWBT i.e., Directory Assistance, repair service, business office, toll and the authorized local emergency number, 9-1-1. The non-optional local calling scope for Reserve Line option is defined by the same exchanges and zones as the other exchange access services listed in Paragraph 3.1.2, above.

(D)

(D)

{1} Reserve Line is obsolete for business customers, except for existing installations at existing locations for existing business customers who subscribed prior to November 1, 2011.

**3. Rates (Cont'd)**

**3.3 Term Pricing Plan - Business**

**3.3.1** Term Pricing Plan provides optional term discounts for business customers. Eligible services under Term Pricing Plan are 1-Party, Multi-Line Hunting and PBX Trunk business local exchange service (as listed in Paragraph 3.2.1 of this Section of the Tariff). Business flat rate access line and trunk services that rate reference the eligible services listed above are also eligible for the Term Pricing Plan (hereinafter referred to as "eligible services"). Term Pricing Plan is offered in all local exchange Rate Groups 1-8. Term Pricing Plan provides for 12-month, 24-month, 36-month, 48-month or 60-month discounts.

**3.3.2** All rules, regulations, fees and surcharges normally applicable to eligible services apply. Service connection charges will also apply.

**3.3.3** To qualify, the customer subscribing to the Term Pricing must commit to an oral or written service agreement as prescribed by the Company, establishing the term period and discount percentage to be applied to the monthly rate in effect at the time the customer enters into the service agreement. A record of all such agreements will be retained for at least the duration of the contract period.

**3.3.4** Effective April 30, 2004 the rate provisions in this Paragraph will only apply to customers with existing Term Plan Pricing agreements. Customers subscribing to or renewing Term Pricing Plan agreements on or after April 30, 2004 will be subject to the rate provision in Paragraph 3.3.4.1. If the Company increases the month-to-month business access line rates set forth in Paragraph 3.1.2 of this Section of the Tariff, the affected Term Pricing Plan customers will continue to pay the discounted rates off the month-to-month rates that were in effect at the time the customer established the service agreement. If the Company decreases the month-to-month rates during the term period, the affected Term Pricing Plan customers will pay the discounted rates off the new month-to-month applicable rates in the appropriate rate group effective on the date of the change.

**3.3.4.1** For Term Pricing Plans agreements established or renewed on or after April 30, 2004, the discount rate will remain fixed through the life of the commitment as set forth in Paragraph 3.3.10 of this Tariff, however, if the month-to-month business access line rates set forth in Paragraph 3.1.2 of this Tariff, change during the term period, the price per month will change accordingly. The Company will notify customers if the month-to-month business access line rates changes.

The TPP is obsolete for business customers, except for existing business customers at existing locations for the remainder of their term who subscribed to the plan prior to December 31, 2004.

**3.3 Term Pricing Plan - Business (Cont'd)**

**3.3.5** Term Pricing Plan customers may choose to terminate an existing service agreement before the end of the term period without paying termination charges provided they negotiate a new service agreement with a term that is greater than the existing term and contains an equal or greater number of business access lines than their existing service agreement. The new service agreement will be based upon the monthly business access line rates in effect at the time the new service agreement is established. Termination charges will also not apply if a customer upgrades to another Company service under a service agreement whose term period is equal to or greater than the term period remaining on the service agreement being terminated. Customers requesting the termination of a service agreement prior to the expiration date, excluding the circumstances mentioned above, will be charged a termination charge. Payment of the termination charged does not release the customer from other previous amounts owed to the Company. (E)

**3.3.6** Upon expiration of a service agreement, the service will automatically be billed at the monthly rates set forth in Paragraph 3.1.2 of this Section of the Tariff, in effect at the time the service agreement expires, unless a new service agreement is negotiated.

**3.3.7** When a Term Pricing Plan customer moves service from one service location to another, the duration and discount associated with the service agreement is not affected. If the applicable local exchange access monthly rate changes as a result of the move, the monthly rate at the new service location will be based on the rate in effect at the time of the move. Termination charges do not apply if the customer agrees to continue the service agreement at the new service location and retain local exchange access lines that equal or exceed the number of lines that were connected at the old service location. If termination charges or service agreement renegotiations are applicable, rules as specified in paragraph 3.3.5, preceding, and 3.3.8 following apply.

The TPP is obsolete for business customers, except for existing business customers at existing locations for the remainder of their term who subscribed to the plan prior to December 31, 2004.
