APPLICATION OF TARIFF

Southwestern Bell Telephone Company, hereinafter referred to as "the Company", is a Missouri corporation with its headquarters in Dallas, Texas that provides telecommunications common carrier services in Texas as well as Arkansas, Kansas, Missouri, and Oklahoma. Southwestern Bell Telephone Company does business in the state of Texas under the name "AT&T Texas," effective January 4, 2006. AT&T Texas adopts all tariff references in effect on that date under its prior name "SBC Texas" until such time as those tariff references are revised.

This tariff applies to intraLATA private line services furnished or made available by AT&T Texas for private line services furnished jointly with a connecting company, to the portion of such private line services furnished by AT&T Texas to the point of connection with the facilities of another company for which that company's rates and regulations apply, over facilities wholly within or partly within and partly without the State of Texas between two or more points, all of said points being within the State of Texas.

The Company may discontinue certain Company services in geographic areas for which the Company has no customers subscribing to those services.

In addition and subject to the appropriate regulatory approvals, the Company may grandfather all services governed by this Tariff in certain geographic areas. Once grandfathered, such services will no longer be available for purchase and existing customers will no longer be able to move, add or change their existing service. ¹
