

1. BILLING REPORTS

A. GENERAL

1. Billing Reports provide specific billing information that enables customers to analyze and manage their monthly account billing data. The information will be provided as paper reports only.
2. The Billing Reports that are available include, but may not be limited to, summary of total or current listed charges, monthly service details per telephone number or by type of service, other charges and credits detail, and local usage summary by telephone number.
3. Most of the Billing Reports may include departments/hierarchy groupings assigned by the customer.

B. REGULATIONS

1. The customer may subscribe to more than one report at the time of the Initial Subscription.
2. A report shall be established and/or discontinued effective with the next available full billing period following the customer's request.
3. Multiple accounts may be combined on the same report. Charges for the service where multiple accounts are combined on one report will be billed to a master account chosen by the customer.
4. The accounts which will appear on a report will be determined by the customer at the time of the Initial Subscription for the service. The customer may subsequently delete and/or add account(s) on Billing Reports at the Account Change Charge set forth in C. following.
5. Reports will be mailed to the customer within fifteen (15) days after the bill date. If more than one account is included on an individual report, the report will be mailed based on the account with the latest billing period.
6. The Company's liability for a lost, damaged or defective report is limited to the recreation of the report upon notification by the customer within five (5) days following the receipt of the report.
7. Not all classifications of billing detail will be available on these paper reports.
