A. DESCRIPTION

Centrex Service is a local exchange telecommunications service, provided by a telecommunications system located in a Company central office, which controls the switching of:

- Calls from the exchange network to the Centrex lines,
- Calls from the Centrex lines to the exchange network,
- Intercommunicating calls between Centrex lines.

Direct Inward Dialing is provided to the Centrex by line selection in the central office.

Identification of outward dialing is provided for Centrex lines by individual line identification in the central office for those inter-exchange carriers for which the Company renders billing services.

Integrated voice/data communication capability is provided for the transmission of circuit switched voice and circuit switched data on an incoming, outgoing and intercom basis utilizing Integrated Services Digital Network (ISDN) architecture.

Centrex Service offers five types of lines:

- Basic Lines
- Classroom Lines<sup>1</sup>

(N)

The following prices are applicable to standard installations of Centrex Service and are in addition to all other charges for associated services and equipment necessary to provide telecommunications service.

The total charge per Primary Station is the sum of the appropriate Network Access and Intercommunication charges (Basic lines, Electronic Key lines, ISDN Custom and National lines).

When the customer's premises and the central office providing Centrex Service are located in different Service Areas, Base Rate, DS1 or DS3 Service charges will apply. (See Other Applicable Charges.) Customers provided this service arrangement will require Channel Mileage (CM) and Channel Mileage Terminations (CMT) for each Centrex line. For ISDN Centrex lines having this service arrangement, three Channel Mileage (CM) and six Channel Mileage Terminations (CMT) are applicable when using Base Rate.

Refer to the Other Applicable Charges section for additional charges associated with the provision of Centrex Service.

**System Charge**

The System Charge is applicable to the establishment of any new Centrex system and to any relocation of an entire Centrex system, unless the customer's relocation is within the serving central office boundary.

The System Charge will be determined at time of installation based on the total number of equipped telephone numbers. A System Charge applies to each Centrex Service arrangement or common block.

**1. CENTREX SERVICE (cont'd)****F. Prices (cont'd)****3. Payment Plans<sup>/1/</sup> (C)****- Month to Month**

The minimum period is one month, unless otherwise specified.

**- Term Payment Plans**

The Contract Plan is a payment plan that allows customers to pay a fixed price for equipment and service over optional payment periods (terms). A different monthly price applies for the duration of each payment period. The monthly price varies inversely with the length of the payment period, e.g., the monthly price for a shorter period is greater than that for a longer period.

Contract Plans are available for payment periods of 12 Months, 24 Months<sup>/1/</sup>, 36 Months<sup>/1/</sup>, 60<sup>/1/</sup> Months or 84<sup>/1/</sup> Months. (C)

The 12 Month term is also available as a 12 Month verbal agreement. The customer will receive written notification of their selection outlining the details of the agreement.

During the effective term of a Contract Plan period, the monthly price is not subject to Company-initiated changes for payment periods longer than one month.

Service covered by a 12 or 24<sup>/1/</sup> months contract includes: (C)  
Centrex Intercommunication lines

Services covered by a 36<sup>/1/</sup>, 60<sup>/1/</sup> or 84<sup>/1/</sup> months contract include: (C)

- 7+
- 25+

Customers may add additional lines and/or features to existing Centrex service anytime during the contract term. All additions of Centrex lines will be added at contracted prices. All additions to existing Centrex service will be coterminous with the original contract.

Upon growth to a higher Line Category, the customer may commit to a new term commitment that is equal to or longer than the remaining life of the existing contract. The customer will become liable for the new Line Category at the designated Term Payment Plan's current monthly price. These prices will not be subject to Company-initiated increases for the duration of the new Term Payment Plan selected.

If the customer chooses not to contract for a higher Line Category, the monthly price for the additional Centrex lines will be the price appropriate to the Line Category of the customer's existing Term Payment Plan.

During the last twelve months of a term contract, the customer may extend its contract with the same Line Category for an additional 12 month period at the same rates provided under the original contract. At the end of the Customer's first extension term, the customer may exercise the option to extend the contract again up to two additional times provided that at the time of expiration, extension terms are still offered by the Company through this guidebook. Customers who exercise the option to extend the term of the contract are not entitled to a different rate based on the overall term of the contract as extended (e.g., customers who initially have a 36-month contract and extend it by an additional 24 months are not entitled to the rates allowed under a 60-month contract). An extension will begin on the expiration date of the existing contract or, if applicable, of the contract as extended. Requests to terminate contract extensions will be governed by the terms and conditions found in 1.F.3. (- Termination Charges) following. (C)

Upon expiration of a contract or contract extension, if the customer does not elect to subscribe to a new contract and does not request discontinuance of the service, service will be continued on a month-to-month basis. The month-to-month prices currently in effect at the time of expiration of the contract will apply. Once on a month-to-month basis the customer will have not additional service commitment and will no longer be subject to termination charges. The month-to-month service prices will be subject to Company-initiated price changes.
