

This section sets forth ISDN Services made available by Wisconsin Bell, LLC, to Carrier for resale to its customers. General terms, conditions, service and feature descriptions as described in P.S.C. of W. 20, Part 17 and herein apply where appropriate, unless otherwise specified in this Part. The application thereof is to Carrier with regard to service ordering, repair requests or billing responsibility and to Carrier's Customer when designating service location, use, activation, configuration, or sizing.

1. ISDN DIRECT^{/1/}

(For complete Service Description, Terms and Conditions, see Wisconsin Guidebook, Part 20, Section 17.)

Provides integrated voice/data communications capability for transmission of and to combine circuit switched voice and data and packet switched data signals on an incoming and outgoing basis over a single ISDN line. This service requires two 64 Kbps "B" channels to transmit any combination of Circuit Switched Voice/Data or high speed Packet Switched Data and one "D" channel to carry network signaling and Carrier's user's originated Packet Switched data at speeds up to 9.6 Kbps (2B+D). It is available from specially equipped digital switching equipment located in the Company's Central Office and where facilities permit and where capacity is available and within specified distances from the serving central office. A max. of 8 devices may be connected directly to an ISDN line and only 2 of these devices are permitted to access the two "B" channels.

^{/1/} ISDN Direct will not be provided to new Carriers on and after August 11, 1997. A Carrier with ISDN Direct service in this Section on, or prior to, August 10, 1997, may continue to receive service provided, however, that such Carrier may not extend, renew, or otherwise lengthen the term of such arrangement.

/1/ Apply the tariffed Rearrangement Charges for ISDN Direct Service as specified in this section.

/2/ ISDN Direct will not be provided to new Carriers on and after August 11, 1997. A Carrier with ISDN Direct service in this Section on, or prior to, August 10, 1997, may continue to receive service provided, however, that such Carrier may not extend, renew, or otherwise lengthen the term of such arrangement.

3. INTEGRATED SERVICES DIGITAL NETWORK (ISDN) DIRECT SERVICE

Effective September 1, 2021, Integrated Services Digital Network (ISDN) Direct Service will no longer be available for purchase by new or existing customers. In addition, requests to move, add, change, or renew existing service arrangements will not be accepted. The Company will continue to provide existing service to existing customers until the expiration of a customer's term agreement. Following the expiration of a customer's existing term agreement, service will be provided on a month-to-month basis at the applicable Monthly Extension rates until the service is discontinued. The Company currently plans to discontinue this service on or after September 1, 2023.

3. INTEGRATED SERVICES DIGITAL NETWORK (ISDN) DIRECT SERVICE^{/1/} (cont'd)

/1/

F. PRICES

The prices shown for ISDN Direct are exclusive of local and toll charges and associated customer premises equipment.

Charges for other services or features normally applied on a per line basis apply on a per channel basis for this service.

ISDN Direct Lines are also subject to End User Common Line (EUCL) charges. (See Other Applicable Charges and Payments). The customer shall be liable for all adjustments to the EUCL charge per ISDN Direct Line, per month, as authorized or mandated by the Federal Communications Commission (or by any regulatory body or commission or court of competent jurisdiction).

Charges for the loop, EUCL, usage and optional features are based upon the customer's class of service.

Charges for usage and optional features will be applied on a per channel service capability basis.

When the customer's premises and the central office providing National ISDN Direct are located in different Service Areas, Base Rate charges will apply. (See Other Applicable Charges and Payments). Customers provided this service arrangement will require three Interexchange Mileage component charges and six Channel Mileage Termination charges for each ISDN Direct Line they purchase.

In cases where the customer's premises are in Independent Telephone Company (ITC) serving areas, the Company will assess Base Rate Interexchange Mileage charges only to the point of meet with the ITC or intermediate ITC. Charges for ITC services will be assessed by the ITC.

ISDN Local Calling Value Plan is available with this service at additional charges.

/1/ Effective September 1, 2021, ISDN Service is grandfathered; see Sheet 8 for Service Availability.

/1/ Effective June 21, 2002, 84-Month Term Payment Plans will no longer be available for ISDN Direct Service. Current ISDN BRI 84-month Carrier's customers may continue to retain their existing service as is at their current address until the 84-month contract term expires. Any Carrier requested changes to the exiting Service will require the Carrier to select a new contract term payment plan or the month-to-month option at the ten current tariff rates. Ameritech will not impose termination liability to the Carriers required to make a contract term change.

Upon completion on the 84-month TPP term, Carriers may continue receiving the Service at the then-current rates under any available payment plan. If the Carrier does not select a new payment plan and does not request discontinuance of the Service, the month-to-month tariff rates in effect at such time will automatically apply.

/2/ Material relating to ISDN BRI Single B Channel Packet Service now appears on Original Sheet 26 in this Section.

Effective July 31, 2005, no further installations, moves, rearrangements, or changes of any type will be made to ISDN Direct B-Channel or D-Channel Packet Services. Carrier's customers of record on July 31, 2005 may continue their service as long as such service remains at the location at which it was being furnished on the aforementioned date. In the event that these services are discontinued at their present location for any reason, they will not be reestablished. The preceding supercedes all of the rules and regulations that follow.

/3/ Effective August 31, 2011, Term Payment Plans are no longer available for new installations or renewals of ISDN Direct Service. ISDN Direct customers currently on a Term Payment Plan may continue service at their existing TPP rate until the contract term expires. Upon completion of the current contract term, customers may continue receiving the service at the then current month-to-month rates. If the customer does not request discontinuance of the service, the month-to-month tariff rates in effect at such time will automatically apply.

/4/ Effective September 1, 2021, ISDN Service is grandfathered; see Sheet 8 for Service Availability.

4. ISDN RESIDENTIAL SERVICE^{/1/} (cont'd)**F. PRICES**

The prices shown for ISDN Residential Service are exclusive of local and toll charges and associated customer premises equipment.

Charges for other services or features normally applied on a per line basis apply on a per channel basis for this service.

ISDN Residential Service Lines are also subject to End User Common Line (EUCL) charges. (See Other Applicable Charges and Payments.) The customer shall be liable for all adjustments to the EUCL charge per ISDN Residential Service Line, per month, as authorized or mandated by the Federal Communications Commission (or by any regulatory body or commission or court of competent jurisdiction).

Charges for the loop, EUCL, usage and optional features are based upon the customer's class of service.

Charges for usage and optional features will be applied on a per channel service capability basis.

When the customer's premises and the central office providing ISDN Residential Service are located in different Service Areas, Base Rate charges will apply. (See Other Applicable Charges and Payments.) Customers provided this service arrangement will require three Interexchange Mileage component charges and six Channel Mileage Termination charges for each ISDN Residential Service Line they purchase.

In cases where the customer's premises are in Independent Telephone Company (ITC) serving areas, the Company will assess Base Rate Interexchange Mileage charges only to the point of meet with the ITC or intermediate ITC. Charges for ITC services will be assessed by the ITC.

/1/ Effective November 1, 2012, no further installations, moves, rearrangements, or changes of any type will be made to ISDN Residential Service. Carriers' customers of record on November 1, 2012 may continue their service as long as such service remains at the location at which it was being furnished on the aforementioned date. In the event that these services are discontinued at their present location for any reason, they will not be reestablished. The preceding supersedes all of the rules and regulations that follow.

1. ISDN BASIC RATE INTERFACE (BRI) SINGLE B CHANNEL PACKET SERVICE

Effective September 1, 2021, ISDN Basic Rate Interface (BRI) Single B Channel Packet Service will no longer be available for purchase by new or existing customers. In addition, requests to move, add, change, or renew existing service arrangements will not be accepted. The Company will continue to provide existing service to existing customers until the expiration of a customer's term agreement. Following the expiration of a customer's existing term agreement, service will be provided on a month-to-month basis at the applicable Monthly Extension rates until the service is discontinued. The Company currently plans to discontinue this service on or after September 1, 2023.

1. ISDN BASIC RATE INTERFACE (BRI) SINGLE B CHANNEL PACKET SERVICE^{/1/} (cont'd)**F. PRICES**

The prices shown for ISDN BRI Single B Channel Packet Service are exclusive of local and toll charges and associated Carrier's customer premises equipment.

ISDN BRI Single B Channel Packet Service lines are also subject to End User Common Line (EUCL) charges. (See Other Applicable Charges and Payments.) The Carrier's customer shall be liable for all adjustments to the EUCL charge per ISDN BRI Single B Channel Packet Service line, per month, as authorized or mandated by the Federal Communications Commission (or by any regulatory body or commission or court of competent jurisdiction).

Charges for the loop, EUCL, and usage are based upon the Carrier's customer's class of service.

When the Carrier's customer's premises and the central office providing ISDN BRI Single B Channel Packet Service line are located in different Service Areas, Base Rate charges will apply. (See Other Applicable Charges and Payments.) Carrier's customers provided this service arrangement will require three Interexchange Mileage component charges and six Channel Mileage Termination charges for each ISDN BRI Single B Channel Packet Service line they purchase.

In cases where the Carrier's customer's premises are in Independent Telephone Company (ITC) serving areas, the Company will assess Base Rate Interexchange Mileage charges only to the point of meet with the ITC or intermediate ITC. Charges for ITC services will be assessed by the ITC.

/1/ Effective September 1, 2021, ISDN (BRI) Single B Channel Packet Service is grandfathered; see Sheet 24 for Service Availability.
