/1/ Effective June 21, 2002, 84-Month Term Payment Plans will no longer be available for ISDN Direct Service. Current ISDN BRI 84-month Carrier's customers may continue to retain their existing service as is at their current address until the 84-month contract term expires. Any Carrier requested changes to the exiting Service will require the Carrier to select a new contract term payment plan or the month-to-month option at the ten current tariff rates. Ameritech will not impose termination liability to the Carriers required to make a contract term change.

Upon completion on the 84-month TPP term, Carriers may continue receiving the Service at the then-current rates under any available payment plan. If the Carrier does not select a new payment plan and does not request discontinuance of the Service, the month-to-month tariff rates in effect at such time will automatically apply.

/2/ Material relating to ISDN BRI Single B Channel Packet Service now appears on Original Sheet 26 in this Section.

Effective July 31, 2005, no further installations, moves, rearrangements, or changes of any type will be made to ISDN Direct B-Channel or D-Channel Packet Services. Carrier's customers of record on July 31, 2005 may continue their service as long as such service remains at the location at which it was being furnished on the aforementioned date. In the event that these services are discontinued at their present location for any reason, they will not be reestablished. The preceding supercedes all of the rules and regulations that follow.

/3/ Effective August 31, 2011, Term Payment Plans are no longer available for new installations or renewals of ISDN Direct Service. ISDN Direct customers currently on a Term Payment Plan may continue service at their existing TPP rate until the contract term expires. Upon completion of the current contract term, customers may continue receiving the service at the then current month-to-month rates. If the customer does not request discontinuance of the service, the month-to-month tariff rates in effect at such time will automatically apply.
