GENERAL

1. Interconnection Services are available to telecommunications carriers for use in the provision of a telecommunications service as specified and to the extent required by the Telecommunications Act of 1996, Pub. L. No. 104-104, 110 Stat. 56 (1996) (“the Act”) and the rules and regulations of the Federal Communications Commission and the Public Service Commission of Wisconsin. In order to obtain Interconnection Services, customer must enter into an agreement with Company that is approved by the Public Service Commission of Wisconsin in accordance with Section 252 of the Act (“Interconnection Agreement”). The Company reserves its right to withdraw its tariffs in accordance with any applicable law, including but not limited to the decision of the United States Court of Appeals for the 7th Circuit in Wisconsin Bell v. Bie, Nos. 02-3854 and 02-3897.
2. This Part applies to Interconnection Services provided by Ameritech Wisconsin, hereafter referred to as the “Company”. To the extent there is a conflict between the terms and conditions of this tariff and the terms and conditions of the Interconnection Agreement between customer and Company, the Interconnection Agreement between customer and Company shall apply.

1. GENERAL (cont'd)

1.3 General Regulations as found in Part 2 of this Tariff and in the Statement of Generally Available Terms and Conditions^{/2/} as approved by the Commission in Docket 6720-TI-120 apply to this Part unless otherwise specified in this Part. The term “customer”, which appears in Part 2 General Regulations, is the equivalent of the term “telecommunications carrier” as defined by the Act and used in this Part (sometimes referred to herein as Carrier).. Any references in this Part to service descriptions contained in P.S.C. of W. No. 20 shall include all definitions. Unless expressly provided to the contrary herein, however, such references do not incorporate the terms, conditions, or rates and charges contained in the referenced material. Where service descriptions use the terms “customer” or “subscriber”, such terms shall be deemed to mean:

- “Carrier” (as defined in this Part) when the context concerns ordering service including requesting repair, including authorization for the dispatch of service technicians to the Carrier’s Customer’s premises and performance of any premises work; and billing responsibility for the provision of service ordered by Carrier, and the use, activation, or premature termination of service by Carrier.
- “Carrier’s Customer” (as defined in this Part) when the context concerns the definition of: the service location (premises); the configuration and sizing of the telecommunications system, network, including any aspects or capabilities of service, or how it is used, activated, or accessed.

/1/ This revision corrects the header information from PART 19, SECTION 12, Issued March 3, 1997, Effective March 4, 1997, under Amendment No. 4287, to PART 23, SECTION 1.

/2/ The Statement of Generally Available Terms and Conditions can be obtained from Document Manager, Room 4G29A, Ameritech, 2000 W. Ameritech Center Drive, Hoffman Estates, IL 60196, (847) 248-3375.

PART 23 - Interconnection Service for Local Exchange Carriers
SECTION 1 - General

Original Sheet 3

GENERAL (cont'd)

3. This Part contains a schedule of rates and regulations applicable to Interconnection Services. Currently the following types of Interconnection Services are available under this tariff:

Vacant	- Section 2
Database Access	- Section 3
Vacant	- Section 4
Transit Services	- Section 5

1. GENERAL – RESERVED FOR FUTURE USE

2. TERMS AND CONDITIONS

2.1 Responsibility of the Company

The Company is not responsible to the telecommunications carrier if necessary changes in protection criteria or in any of the facilities, operation, or procedures of the Company render any facilities provided by a telecommunications carrier obsolete or render modification of the telecommunications carrier's equipment necessary.

2. TERMS AND CONDITIONS (cont'd)

2.3 Use of Service

A. General

Unlawful Use of Service

Service shall not be used for any purpose in violation of law. The Carrier, and not the Company, shall be responsible to ensure that Carrier and its customers' use of the services provided hereunder complies at all times with all applicable laws. The Company may refuse to furnish service to a Carrier applicant or shall disconnect the service of a Carrier or as appropriate the Carrier's Customer when:

- An order is issued by a court, the Public Service Commission of Wisconsin or any other duly authorized agency, finding that probable cause exists to believe that the use made or to be made of the service is prohibited by law, or
- The Company is notified in writing by a Law Enforcement Agency acting within its jurisdiction that any facility furnished by the Company is being used or will be used for the purpose of transmitting or receiving gambling information in interstate or foreign commerce in violation of law.

/1/ This revision corrects the header information from PART 19, SECTION 12, Issued March 3, 1997, Effective March 4, 1997, under Amendment No. 4287, to PART 23, SECTION 1.

2. TERMS AND CONDITIONS (cont'd)

2.3 Use of Service (cont'd)

Termination of service shall take place after reasonable notice is provided the Carrier, or as ordered by the Court.

If communications facilities have been physically disconnected by Law Enforcement officials at the premises where located, and if there is not presented to the Company the written finding of a court of competent jurisdiction authorizing such disconnection, then upon written request of the Carrier, and agreement to pay restoral of service charges and other applicable Service Charges, the Company shall promptly restore such service.

Interference With or Impairment of Service

Service shall not be used in any manner that interferes with other persons in the use of their service, prevents other persons from using their service, or otherwise impairs the quality of service to other carriers' or companies' customers.

/1/ This revision corrects the header information from PART 19, SECTION 12, Issued March 3, 1997, Effective March 4, 1997, under Amendment No. 4287, to PART 23, SECTION 1.

2. TERMS AND CONDITIONS (cont'd)

2.4 Liabilities

A. Liabilities Between Parties

Liability of the Company to the telecommunications carrier and the telecommunications carrier to the Company, resulting from any and all causes, shall not exceed the liability of the Company as set forth herein and in other Parts of this tariff. Specifically, the Company and the telecommunications carrier shall each be liable only for the service(s) or facility(ies) that each provides. Such liability shall not exceed the amounts paid by the telecommunications carrier or the Company for the period of time during which the Company or telecommunications carrier failed to provide the service(s) or facility(ies). The Company and telecommunications carrier shall each individually also be liable to each other for any property damage caused by the negligence of its employees, agents or subcontractors. In no case shall either the Company or the telecommunications carrier be liable to the other for any indirect, special or consequential damages, including, but not limited to, economic loss, lost business or profits, whether foreseeable or not, and regardless of notification by the other party of the possibility of such damages. The Company and the telecommunications carrier agree that this allocation of risk and liability is fair and reasonable.

2. TERMS AND CONDITIONS (cont'd)

2.4 Liabilities (cont'd)

B. Liabilities to Other Parties

The telecommunications carrier and the Company shall each be responsible only for the service(s) and facility(ies) it provides, and neither shall bear any responsibility for the service(s) and facility(ies) provided by the other or a third party. The telecommunications carrier and the Company shall indemnify, defend and hold each other harmless for and against any claim, loss or damage, asserted by any person related to or arising out of the acts or omissions of the other party or by customers, employees, agents or contractors of the other party against whom indemnification is sought. In such cases, the indemnifying party shall reimburse the other for all of the non-defending party's costs, expenses or judgments including attorney's fees. Each party agrees to notify the other promptly of any matters for which the foregoing indemnity may apply. If notified in writing of any action or claim for which a party is to provide indemnity, the other party shall, without limitation, defend those actions or claims at its expense and pay the costs and damages and attorney's fees awarded against the non-defending party in any such action, provided that the defending party shall have the exclusive right to control and conduct the defense and settlement of any such actions or claims. The parties agree to do all acts and things, at the defending party's expense, that may be reasonably required by the non-defending party in connection with such settlement or defense.

2. TERMS AND CONDITIONS (cont'd)

2.4 Liabilities (cont'd)

B. Liabilities to Other Parties (cont'd)

The telecommunications carrier shall, in its tariffs or other contracts for services under this Part with its end users, provide that in no case shall the Company be liable to the telecommunications carrier's end users or any third parties for any indirect, special or consequential damages, including but not limited to, economic loss, lost business or profits, whether foreseeable or not, and regardless of notification by the telecommunications carrier of the possibility of such damages. If the telecommunications carrier fails to place such a provision in its tariffs and/or contracts, the telecommunications carrier shall indemnify and hold the Company harmless from all claims based on any reason whatsoever from its end users or third parties as provided in this Part. Nothing in this Part shall be deemed to create a third party beneficiary relationship with the telecommunications carrier's end users.

PART 23 - Interconnection Service for Local Exchange Carriers
SECTION 2 - Ameritech End Office Integration Service

Original Sheet 1

1. RESERVED FOR FUTURE USE

1. EMERGENCY NUMBER SERVICE ACCESS (ENSA)**A. DESCRIPTION**

Emergency Number Service Access (ENSA) is a service which enables the use of Ameritech facilities and databases used in the provision of Universal Emergency Number/9-1-1 Telecommunications Service, by Telecommunications Carriers (hereafter referred to as "Carriers"), where Ameritech (hereafter referred to as the "Company") is the 9-1-1 service provider.

The Carrier shall interconnect with each Ameritech 9-1-1 Selective Router that serves the areas in which Carrier provides Telephone Exchange Service. Such interconnection shall be used by Ameritech to provide the 9-1-1 service and access to all sub-tending Public Safety Answering Points (PSAPs). The Carrier will establish such interconnection by providing itself, or leasing from a third-party (including Ameritech), the necessary dedicated DS1 facilities and trunk groups between the Carrier's point of interconnection and the designated Ameritech 9-1-1 Selective Router switch location(s).

ENSA includes the conditioning of Carrier obtained or provided transport facilities from the interconnection point, routing to the appropriate 9-1-1 Selective Router Switch, access to 9-1-1 features and coordination of initial loading, updating and maintenance of the Carrier's customer information in Ameritech's databases, as prescribed by the Company.

1. EMERGENCY NUMBER SERVICE ACCESS (ENSA) (cont'd)**B. DEFINITIONS****9-1-1 Selective Router Switch**

A 9-1-1 office providing tandem switching capability for 9-1-1 calls. It controls switching of ANI information to the PSAP and also provides the Selective Routing function, Speed Calling features, Call Transfer capability and certain maintenance functions for each PSAP.

Automatic Location Identification (ALI)

A feature that forwards the name and address associated with the calling party's telephone number (identified by ANI as defined below) to the PSAP for display. Additional telephones with the same number as the calling party's (secondary locations, off-premise extensions, etc.) are identified with the address of the telephone number at the main location.

Automatic Number Identification (ANI)

A feature which allows the number of the calling party to be forwarded to the PSAP for display.

Enhanced 9-1-1 Service (E9-1-1)

Enhanced 9-1-1 Service provides routing via dedicated trunking facilities to all primary PSAPs and to secondary PSAPs based upon ANI capability or Default Routing. The number of lines to a PSAP will be determined by the Company based upon anticipated call volumes. Secondary PSAPs that do not meet these specifications will receive calls on a transfer basis over the exchange network or over additional E9-1-1 Exchange lines subscribed to by the customer.

1. EMERGENCY NUMBER SERVICE ACCESS (ENSA) (cont'd)**B. DEFINITIONS (cont'd)****Public Safety Answering Point (PSAP)**

An answering location for 9-1-1 calls originating in a given area. A PSAP may be designated as Primary or Secondary, which refers to the order in which calls are directed for answering. Calls are first directed to the Primary PSAPs for response. Secondary PSAPs receive calls on a transfer basis only and generally serve as a centralized location for a particular type of emergency call. PSAPs shall be staffed by employees or agents of service agencies such as police, fire or emergency medical services or a common bureau serving a group of such entities.

Selective Routing

A feature which allows 9-1-1 calls to be routed to the designated primary PSAP based upon the identification number of the calling party.

Telecommunications Carrier (Carrier)

A provider of telecommunications services, for whom access to facilities and databases required to provide 9-1-1 service is required by the Telecommunications Act of 1996, and the regulations of the Federal Communications Commission.

Universal Emergency Number/9-1-1 Telecommunications Service

A telephone exchange communication service whereby a Public Safety Answering Point (PSAP) designated by the municipality may receive telephone calls placed by persons in need of assistance who dial the telephone number 9-1-1. The 9-1-1 Service includes the lines and equipment necessary for answering, transferring and dispatching public emergency telephone calls originated by persons within the telephone central office areas arranged for 9-1-1 calling.

1. EMERGENCY NUMBER SERVICE ACCESS (ENSA) (cont'd)**B. DEFINITIONS (cont'd)****Universal Emergency Number/9-1-1 Telecommunications Service Customer**

A municipality or other state or local governmental unit to whom authority has been lawfully delegated within a geographic area to respond to public emergency telephone calls, at a minimum for police and fire service.

C. TERMS AND CONDITIONS

1. Emergency Number Service Access (ENSA) is only available to Carriers for use in the provision of Universal Emergency Number/9-1-1 Telecommunications Service, to the extent required by the Telecommunications Act of 1996, ("the Act"), Pub. L. No. 104-104, 110 Stat. 56 1996 and the rules and regulations of the Federal Communications Commission and the Public Service Commission of Wisconsin.
2. This Part applies to Emergency Number Service Access provided by Ameritech, hereafter referred to as the "Company."
3. General Regulations as found in Part 2 of this Tariff apply to this Part unless otherwise specified in this Part. The term "customer," which appears in Part 2 General Regulations, is the equivalent of the term "telecommunications carrier" as defined by the Act and used in this Part.
4. When requested by a Carrier, the Company will provide ENSA enabling nondiscriminatory use of Ameritech facilities and databases, equal in quality to that provided to itself, facilitating the provision of service to the Universal Emergency Number Service 9-1-1 Telecommunications Customer. In the event facilities are not available, the Company will provide ENSA upon availability.

1. EMERGENCY NUMBER SERVICE ACCESS (ENSA) (cont'd)**C. TERMS AND CONDITIONS (cont'd)**

5. This service is limited to accommodating the use of Ameritech facilities required to furnish central office telephone number 9-1-1 as the universal emergency telephone number, as defined in Part 8, Section 3 of this tariff.
6. The Company will coordinate with the Carrier, provision of transport capacity sufficient to route originating 9-1-1 calls from the Carrier's interconnection point to the designated 9-1-1 Selective Router, meeting a minimum P.01 grade of service at all times.
7. The Carrier must provide a minimum of two dedicated channels from the point of interconnection, to the 9-1-1 Selective Router for the provision of 9-1-1 service.
8. When the Carrier forwards the Automatic Number Identification (ANI) information of the calling party to the Selective Router, the Company will forward the calling number and associated street address to the PSAP for display. When ANI is not forwarded by the Telecommunications Carrier, an identification code will be forwarded for display.
9. Ameritech will coordinate access to the Ameritech 9-1-1 Automatic Location Identification ("ALI") database for the initial electronic loading and updating of Carrier's customer information. Access coordination will include:
 - Ameritech will provide Carrier with reference data required for Carrier to ensure that Carrier's customer will be routed to an Ameritech designated 9-1-1 Selective Router when originating a 9-1-1 call;
 - Carrier will supply an electronic version of Customer telephone numbers, addresses and other information, as required by Ameritech, both for the initial load and, where applicable, daily updates;
 - Ameritech will establish specific 9-1-1 routing information on each Carrier customer's access line; and
 - Ameritech will notify Carrier of error(s) involving entry and update activity.

1. EMERGENCY NUMBER SERVICE ACCESS (ENSA) (cont'd)**C. TERMS AND CONDITIONS (cont'd)**

10. Carrier, or its third party agent, will provide appropriate 9-1-1 record data to Ameritech for use in updating the 9-1-1 ALI database. The initial and subsequent customer data will be provided to Ameritech in a format prescribed by Ameritech. Carrier shall include its company identification, as registered with NENA, on all records provided to Ameritech. Carrier is responsible for providing updates to customer record data for purposes of updating the 9-1-1 ALI database and for error corrections that may occur during the entry of customer data to the Ameritech ALI database. Carrier shall reimburse Ameritech for any additional database charges incurred by Ameritech for errors in ALI data updates caused by Carrier or its third-party agent.
11. The Company is not liable for the accuracy, completeness and content of 9-1-1 record data delivered by the Carrier. The Carrier is responsible for maintaining the accuracy, completeness and content of all data that it delivers to the Company.
12. The Carrier, as a condition of service, agrees to abide by all confidentiality and non-disclosure requirements, as defined in any applicable agreement or by law.
13. The Carrier agrees to provide Ameritech with all information required to complete an Ameritech Planning Questionnaire and Network Definition in order to appropriately plan, design and implement ENSA service when ordered. This information will be provided in the format prescribed by the Company, initially and on an ongoing basis.
14. The installation of initial or subsequent 9-1-1 facilities required to maintain applicable Company service standards will be accommodated at a charge to the Carrier, and will be ordered out of the appropriate Exchange or Access tariff.

1. EMERGENCY NUMBER SERVICE ACCESS (ENSA) (cont'd)**C. TERMS AND CONDITIONS (cont'd)**

15. It is the responsibility of the Carrier to monitor circuits for the purpose of determining network traffic volumes and trunk group failures, and notify Ameritech both when additional circuits are required and of failures as prescribed in applicable agreements or by law.
16. The prices for ENSA Service do not include the inspection or monitoring of the Carrier's facilities to discover errors, defects and malfunctions in the service, nor does the Company undertake such responsibility. The Carrier shall be responsible for making such operational tests as, in the judgment of the Carrier, are required to determine whether the facility is functioning properly for its use. The Carrier shall promptly notify the Company in the event that their facilities are not functioning properly.
17. Notwithstanding anything to the contrary contained herein, the Company's liability to the requesting Carrier and any third person shall be limited to the maximum extent permitted by Applicable Law. Under no circumstances shall the Company incur any liability, direct or indirect, to any person or party placing a 9-1-1 call, to any other person or party on whose behalf a 9-1-1 call is made or to any customer, police, fire or public safety agency or department.
18. The Company will not be liable to the Carrier or its customers, for any failure with respect to the completion of emergency calls made to an Operator.
19. The 9-1-1 calling party forfeits the privacy afforded by Private and Semi-Private Listing Service to the extent that the name, telephone number, address and language, medical, and disability information associated with the originating station location are furnished to the PSAP.

1. EMERGENCY NUMBER SERVICE ACCESS (ENSA) (cont'd)**C. TERMS AND CONDITIONS (cont'd)**

20. The Carrier is responsible for provision of Universal Emergency Number/9-1-1 Telecommunications Service in accordance with the terms and conditions prescribed in Company Tariffs, applicable laws and state regulations.
21. Carrier shall be responsible to submit to the applicable government entity any 9-1-1 surcharges assessed by such entity.
22. The Carrier shall be responsible for the payment of all charges billed by the Company for the provision of ENSA as prescribed in this tariff, by law, and/or any applicable agreement with the Carrier. The Company shall not be liable for disconnection for nonpayment of applicable charges, resulting from the Carrier's provision of Universal Emergency Number/9-1-1 Telecommunications Service.

1. EMERGENCY NUMBER SERVICE ACCESS (ENSA) (cont'd)**D. FEATURES****9-1-1 Selective Router Interconnection**

Provisioning of DS1 facility and associated 9-1-1 trunk groups for voice path to carry the 9-1-1 call with associated routing information.

ANI/ALI/SR and Database Management

9-1-1 call transport/data delivery, via selective routing, of automatic number identification (ANI) and automatic location information (ALI) to an authorized PSAP. SBC 9-1-1 database provisioning and management in support of electronic data input and transfer of Carrier 9-1-1 records, including associated record updates, receipt verification, storage, and record error transfer for Carrier correction.

Address and Routing File (ARF) is a data file (delivered via CD-ROM) developed to support Carrier 9-1-1 customer record processing, addressing and delivery of 9-1-1 calls to the SBC designated 9-1-1 Selective Router Switch.

9-1-1 Selective Router Switch Administration

Establishment and maintenance of 9-1-1 translation tables within designated Selective Router switches to support Carrier interconnection and call routing to an authorized PSAP.

1. EMERGENCY NUMBER SERVICE ACCESS (ENSA) (cont'd)**E. TECHNICAL REFERENCES**

Carriers ordering ENSA are responsible for obtaining or providing facilities and equipment that are compatible with the Company's network. Carriers must meet the following interface specifications as described below.

<u>Subject</u>	<u>Technical Reference</u>
Interface between Carriers and Customer Installations – Analog Voicegrade Enhanced 911 Switched Access Using Network Provided Reverse Battery Signaling	ANSI T1.411a-1996
Interconnection to an Ameritech 911 Selective Routing Switch via SS7 Trunks as a substitute for CAMA signaling	AM TR-NIS-000152

The Technical Reference can be obtained from:

PART 23 - Interconnection Service for Local Exchange Carriers
SECTION 3 - Database Access

Original Sheet 11

1. EMERGENCY NUMBER SERVICE ACCESS (ENSA) (cont'd)**F. PRICES**

ENSA is provided on a 12-month term which is automatically renewed upon expiration, unless canceled by either party, as defined in any applicable agreement or by law.

Dedicated DS1 facilities are required for the transport of 9-1-1 calls from the Carrier's serving end office/interconnection point to the SBC designated 9-1-1 Selective Router switch. A minimum of one dedicated DS1 is required to each designated SBC 9-1-1 Selective Router Switch although not all channels have to be activated. Standard tariff rates shall apply for all SBC facilities leased by Carrier.

The prices for diversity will be determined on a case by case basis.

1. Service Elements

Description /Billing Code/	Nonrecurring Charge	Monthly Price
9-1-1 Selective Router Interconnection		
- Digital DS1 Interface	\$1,231.58	\$333.02
- Each DS0 installed	642.28	-
- Analog Channel Interface	737.59	26.29
ANI/ALI/SR and Database Management	642.78	-
- per 100 records, rounded up to the nearest 100	-	3.75
- Access Routing File, per carrier	-	23.39
9-1-1 Selective Router Switch Administration		
- per Selective Router	2,318.07	6.05

1. EMERGENCY NUMBER SERVICE ACCESS (ENSA) (cont'd)**E. PRICES (cont'd)****2. Other Applicable Charges and Payments**

References:

<i>Service</i>	<i>Reference</i>

- Original Sheet No. 115
- Original Sheet No. 116
- Original Sheet No. 117
- Original Sheet No. 118
- Original Sheet No. 119

TRANSIT**A. Description**

When routed via a Company tandem office to the end office(s) of a non-company carrier which subtends that tandem ("subtending carrier"), the Company's intermediary transport and tandem switching of calls on behalf of the originating carrier to the subtending carrier is known as "transiting" as defined herein and will be provided to the originating carrier pursuant to terms and at rates set forth herein.

Transit service is the use of the Ameritech network to pass local and intraLATA toll traffic from the originating carrier's switch to the switch of a subtending telecommunications carrier. Transit traffic is delivered over interconnection end office integration trunks at the tandem.

B. Terms and Conditions

A commercial transit agreement between the parties must be approved prior to receiving transit service.

C. Features**Transiting**

The following transit traffic types will be delivered by Ameritech on behalf of a carrier that has Ameritech Interconnection Service at an Ameritech tandem switch:

- local and intraLATA toll traffic (the originating carrier, transiting through Ameritech, and terminating to a subtending non-company telecommunications carrier)

Application - Transiting

For local and intraLATA toll traffic, transiting charges will be billed to the originating telecommunication carrier.

D. Prices

1. Service Elements

Transiting^{/1/}

The telecommunications carrier agrees to compensate SBC Wisconsin for transit calls at the following rates.

- Transiting (Local and IntraLATA Toll):

Tandem Switching	\$0.004406 per MOU
Tandem Transport	0.000070 per MOU
Tandem Transport Facility	0.000061 per MOU per Mile

/1/ Except for those tariffed rates that are asterisked (*), the effective date for the tariffed rates is May 21, 2002, in accordance with the Public Service Commission of Wisconsin's Final Decision issued on March 22, 2002, in Docket 6720-TI-161.
