PART 22 - Resale Local Exchange Service
SECTION 6 - Central Office Services

Original Sheet 1

This section sets forth the Central Office Services made available by Wisconsin Bell, LLC to Carrier for resale to its customers. General terms, conditions, service and feature descriptions as described in the Wisconsin Guidebook Part 6 apply where appropriate, unless otherwise specified in this Part. The application thereof is to Carrier with regard to service ordering, repair requests or billing responsibility and to Carrier's Customer when designating service location, use, activation, configuration, or sizing.

1. DIRECT INWARD DIALING (DID) SERVICES

1.1 Direct Inward Dialing (DID) To PBX Systems
(For service description, see the Wisconsin Guidebook, Part 6, Section 1.)

DID is a service which permits incoming dialed calls to be dialed directly by a calling party station associated with a switching system located on the Carrier's Customer premises. These lines support inbound only call traffic.

Rates and Charges

	<u>Install Charge</u>	<u>Per Month</u>
Direct Inward Dialing (DID) ^{/1/}

9. DIGITAL TRANSPORT SERVICE - ENHANCED (DTS-E) (cont'd)^{/1/}**F. PRICES**

The following prices are applicable to standard installations of Digital Transport Service - Enhanced and are in addition to all other charges for associated services and equipment necessary to provide telecommunications service.

Refer to *Other Applicable Charges and Payments* section of this tariff for additional charges associated with the provision of Digital Transport Service - Enhanced.

The prices for Digital Transport Service - Enhanced in this tariff will be utilized unless market demands require rates and charges to be negotiated with the Carrier on an individual case basis (ICB).

This tariff is filed with Sec. 196,194, Wis. Stats. Therefore, any contract or amendment to such contract shall be compensatory as determined under Sec. 196,204 (5) and (6) Wis. Stats. Within 20 days after a contract or an amendment to such a contract has been executed, the Company shall submit to the Commission written notice of the general nature of the contract and the parties of the contract.

The receipt of notification of any contract or amendment to a contract established under this tariff shall not constitute approval of all terms and provisions therein. The Commission retains jurisdiction to investigate on its own motion or upon complaint any contractual term or provision under which the tariffed service is offered, and to take any necessary action pursuant to such investigation including issuing orders.

/1/ Effective June 30, 2016, Digital Transport Service-Enhanced (DTS-E) will no longer be available to new customers (no current contract or service). However, the Service will remain available for 9-1-1 Public Safety Answering Point (PSAP) customers that require channelization of their 9-1-1 trunking. /1/ Rates for Modules 1, 2 and 3 include services and features supported by Modules 1, 2 and 3 as described in Part 6, Section 7, Paragraph 1.D. However, other charges may be applicable as noted in Paragraph 1.F.

/2/ Effective August 31, 2011, 3-Year and 5-Year Term Payment Plans are no longer available for new installations or renewals of DTS-E Modules 1, 2 and 3. DTS-E Module 1, 2 or 3 customers currently on a Term Payment Plan may continue service at their existing TPP rate until the contract term expires. Upon completion of the current contract term, customers may continue receiving the service by entering into a new 1-Year TPP agreement at the then current applicable 1-Year TPP rates. If the customer does not enter into a new 1-Year TPP agreement, or request discontinuance of the service, the month-to-month tariff rates in effect at such time will automatically apply.

/3/ Effective December 1, 2015, customers may not establish new Term Payment Plans (TPP) of any length for DTS-E Modules 1, 2 or 3, and existing TPPs may not be renewed. For new service, or for existing service after any TPP expires, service will be provided only on a month-to-month basis.

/4/ Effective June 30, 2016, Digital Transport Service-Enhanced (DTS-E) will no longer be available to new customers (no current contract or service). However, the Service will remain available for 9-1-1 Public Safety Answering Point (PSAP) customers that require channelization of their 9-1-1 trunking. It will be available to existing 9-1-1 PSAP users of the Service as well as new 9-1-1 PSAP customers needing the Service. With the noted 9-1-1- PSAP exception, customers having this service or who have placed orders which were accepted by the Company prior to this date, may continue such service from their present location, subject to the following conditions: new requests for physical changes to DTS-E, including the upgrade or downgrade of access/port speed, installation of new service, or moves to different service addresses will not be provisioned.
