(N)

The following prices are applicable to standard installations of Centrex Service and are in addition to all other charges for associated services and equipment necessary to provide telecommunications service.

The total charge per Primary Station is the sum of the appropriate Network Access and Intercommunication charges (Basic lines, Electronic Key lines, ISDN Custom and National lines).

**System Charge**

The System Charge is applicable to the establishment of any new Centrex system and to any relocation of an entire Centrex system, unless the Carrier's customer's relocation is within the serving central office boundary.

The System Charge will be determined at time of installation based on the total number of equipped telephone numbers. A System Charge applies to each Centrex Service arrangement or common block resold by the Carrier to its customer.
