The following prices are applicable to standard installations of Centrex Service and are in addition to all other charges for associated services and equipment necessary to provide telecommunications service.

The total charge per Primary Station is the sum of the appropriate Network Access and Intercommunication charges (Basic lines, Electronic Key lines, ISDN Custom and National lines).

(See Other Applicable Charges.) Carrier's customers provided this service arrangement will require Channel Mileage (CM) and Channel Mileage Terminations (CMT) for each Centrex line. For ISDN Centrex lines having this service arrangement, three Channel Mileage (CM) and six Channel Mileage Terminations (CMT) are applicable when using Base Rate.

Refer to the Other Applicable Charges section for additional charges associated with the provision of Centrex Service.

System Charge

The System Charge is applicable to the establishment of any new Centrex system and to any relocation of an entire Centrex system, unless the Carrier's customer's relocation is within the serving central office boundary.
